Legends Kit comes with one axle shim spacing tool. This tools allows for axle shim adjustment of .25mm, .5mm, 75mm, or 1mm. Once the shim is inserted tighten down the hub and remove the shim. Save these shims for future adjustments and mainenance.

Each kit comes with 4 plastic body washers and foam pads for the washers. Install the 4 plastic nuts on the body posts and place the wasers with the foam facing the body, adjust as needed to ensure property body fit.

The battery pin protectors provides a secure method of holding the 4mm pins when the car is not in use.
