Effective: June 1, 2019

- 1.) Prices are in US Dollars. Remote Satellite Systems® reserves the right to modify/change or delete plans as necessary.
- 2.) Voice rates apply to 2.4kbps data.
- 3.) Allowance plans include voice to fixed, cellular, BGAN, FBB, SBB, and GSPS calls in the allowance.
- 4.) Initial monthly fees for the ISAT Economy Plan are prorated based upon the number of days active. Minimum commitment periods do not include initial prorated month and begin on the 1st day of the following calendar month. For example, a twelve month period activated on March 3rd, 2017 will be in contract until March 31st, 2018.
- 5.) It is the customer's responsibility to request deactivation of their device in writing at least three business days in advance.
- 6.) Annual periods (excluding the Economy Plan) are full periods and not pro-rated, and will renew on the same period basis. For clarity, annual plans will automatically renew on an annual basis after the initial commitment is met unless you provide notice of cancellation at least three business days in advance. Further, a plan activated on March 3rd, 2017 will be in contract until March 2nd, 2018. Changing from an annual version of a plan to a monthly version of a plan will re-start the commitment period.
- 7.) IsatPhone Pro SIMs are only available for use in IsatPhone Pro / IsatPhone 2 terminals. Any IsatPhone Pro SIMs found to be used in other terminals will be found in violation of the terms and conditions. Remote Satellite Systems reserves the right to deactivate the SIM Card(s) found in violation, and the SIM Card(s) will be liable for any and all associated Early Termination Fee(s).
- 8.) Early terminations of yearly service plans are subject to a \$50.00 cancellation fee per terminal and full payment of the contractual commitment based on plan type. Early terminations of the Emergency Plan will not be refunded.
- 9.) Email and data compression services are available on request. Please contact your Remote Satellite sales representative at (707) 545-8199 or visit our website, [www.remotesatellite.com](http://www.remotesatellite.com), for information.
- 10.) Inmarsat "Short Messaging Service" is available via the internet, and allows others to send your IsatPhone Pro or IsatPhone Link terminal text messages of up to 160 characters at a time by simply going to the Remote Satellite web site and clicking on the "Satellite Messaging" button. This service is free for anyone sending messages to your phone. Charges for sending text messages from your IsatPhone Pro or IsatPhone Link terminal are detailed above, but are free to receive. Note this service may not be available to all cellular carriers.

[11.\) Remote Satellite Systems Terms and Conditions apply to all Post-paid airtime subscriptions and Pre-paid airtime purchases.](#)
