

 **Guaranteed Irish**
All together better

REVITALISE[®]

About Us

Nutrient Pharma Limited is a natural healthcare business based in Ireland. We have developed our own range of oral spray dietary supplements called 'Revitalive'. All of our products have been expertly developed using only the finest ingredients available in Europe. Revitalive product range has been developed to assist in the supplementation of the growing number of key nutrients lost through our dramatically changing diet and lifestyle. Our product range offers a unique formulation and delivery method over our competitors.

Your health and wellbeing is our priority, our team have done extensive research into developing our range of products. Our products utilise the fastest and most reliable delivery method compared to ordinary tablets and capsules. Our product range has been carefully developed to enrich your body with natural elements that contribute towards a healthy lifestyle.

Irish success with worldwide appeal

Nutrient Pharma is based in County Meath, just outside our beautiful capital city of Dublin. We are a collection of passionate individuals on a mission to create wonderful healthcare products with worldwide appeal. Ireland has one of the most educated workforces in the world, extensive transport links to worldwide markets and is home to all of the top 10 Pharmaceutical companies.

Best manufacturing practices

All of our products are made using the finest ingredients in Europe. Our product range is manufactured to the highest standards in GMP certified facilities.

Natural Ingredients

Our product range is made using the finest and most natural ingredients available. Where possible, our products are suitable for those on a vegetarian or vegan diet.

Competitive Prices

We have made a conscious effort to offer our consumers a high quality product whilst still maintain an affordable price tag. Our price points are highly competitive compared to any similar products on the market.
