# MURANO STONE

Murano Stone was established in 2010 with a passion for cladding to fulfil the market needs of a local brand for artificial stone veneers inspired by nature.

Murano Stone factory is located in Cairo, Egypt and became the leader in designing artificial stones and bricks.

We offer a wide selection of innovative veneer stone products for residential, commercial, exterior and interior applications.

Since our customer satisfaction is our central priority,  
we provide you with project management and after selling  
services to approach our client expectations .

**“Murano Stone proudly designed & Made in Egypt”**

# Murano's Mission

Murano stone strives to provide Egypt, MENA and Africa regions with artistic High-end light weight concrete products using the latest technologies.

Hence, we became the leader in the market, who presents the finest Brick and stone products and their accessories to meet our customers' expectations.

Our guiding beliefs ensure that we convey accuracy, elegance and passion through our products and consistently deliver a surpassing customer experience before and after the deal.

# Murano's Vision

Murano Stone aims to create an exceptional experience for our customers through an efficient serving of the needs of the local and international marketplace by offering endless brick and stone designs and colours that are crafted with extremely close attention to detail, to enhance and maintain the quality of life for all we serve.

# Murano Stone Go Green

Murano stone products are environmentally friendly. They are sustainable, and made of a long-lasting building materials mixture.

That results in much fewer wastes and the ability for recycling to be safe on Our Planet.
