

We bring speech to life™

CORE+FRINGE. Communication Boards

TTMT Core + Fringe Communication boards were designed with inclusion in mind, providing easy, convenient access to the most common words used to communicate across multiple settings. Created by our team of Speech-Language Pathologists and Vocabulary Design Specialists with 50+ years of combined experience working with AAC, the vocabulary is logically categorized by their parts of speech, inspiring confidence while building skills to engage in conversation and enhance literacy.
