# TTMT 360

*With a 97% positive customer satisfaction rate, our all-inclusive services makes it easier and faster to choose, fund, and support AAC use, so YOU can focus on communication.*

### Trial

*Take it home and try it. Let us know if it's right for your life.*

Test driving a new speech device in your own environment can be one of the most important ways to ensure success! Use it here, use it there, or just about anywhere. We're here to help with any questions you have before, during, and after your trial period.

Not quite right? If you decide to try something different, we're here to help explore other options.

### Training & Support

*Creating a village of confidence for every user.*

Training and support are offered to your entire team! We'll come up with an all-inclusive implementation plan, including fun assignments designed to help each team member become comfortable with use and customization while working on therapy goals at the same time.

### Funding/Insurance Assistance

*We understand insurance, and we get it right.*

Insurance rules change, but our success with getting speech devices covered is steady. We know exactly what it takes to obtain payment from sources like Medicare, Medicaid and Private Insurance.

We proudly boast a 92% clean claims rate<sup>+</sup>, which means 92% of the time we get claims paid – the first time. Compare this to the 77% industry average<sup>+</sup> and you'll understand why we feel our investment in research and efficiency puts us at the top of our game.

### Personalization

*Made just for you.*

We bring speech to life, and that means yours! Your speech device will arrive with vocabulary that is truly personal. We'll involve you and your team in the process so we can add custom vocabulary and messages such as names of friends and family members, favorite foods and activities, etc.

Unique personalization is an important step in TTMT360. It can instantly relieve feelings of anxiety, and open the door to progress!

Show off your personality! Our amazing speech device skins allow adults and children to match the look of their device with their personality and interests.

### Warranty

*(the best in the business\*)*

We know that some days are easier than others. The TTMT360 warranty includes everything you need for peace of mind during the tougher ones.

Compare us to the competition: the TTMT360 warranty includes FOUR major breaks, including screens, water damage, full case replacement, or charging port replacement.

### Consultation

*Answers to your questions. None of the pressure.*

When you contact us, you'll be paired with one of the certified-registered Speech-Language Pathologists or Augmentative Communication Consultants on our team. They'll listen to your needs, introduce our technology and answer your questions.

Our team has a wealth of knowledge working with pediatric through adult clients with complex communication needs, as well as the technology that brings speech to life. Their professional experience includes schools, speech-therapy clinics, hospitals and other settings.

### Evaluation Support

*Help to choose the right technology.*

Our Speech-Language Pathologists and Augmentative Communication Consultants are available to support you during the evaluation process for a new speech device.

Initially, we'll work with you to help assess skills and needs related to vocabulary, language and access methods, like switches, eye gaze and mounting options.

As needs change, we are available for consultation related to implementation ideas, additional vocabulary options and access methods.

\*See website or contact support@talktometechnologies.com for details. + Contact us for details. Talk To Me Technologies complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
