Hardware, Buttons & Features

1 Power

Press and hold this button (plus a volume button on some models) to turn the device on or off.

Note: Press this button one time while the wego A is on to put it into "Sleep" mode. This feature will conserve battery life when the wego A is not in use.

2 Volume

Use these buttons to increase or decrease volume level.

3 Home

Tap to return to the home screen. If your wego A model does not have a Home button, swipe up from the bottom of the screen.

4 Charging the wego A

Charge device and TTMT Speaker (SPKR) at night or when not in use. Please only use a TTMT-approved charger with your device.
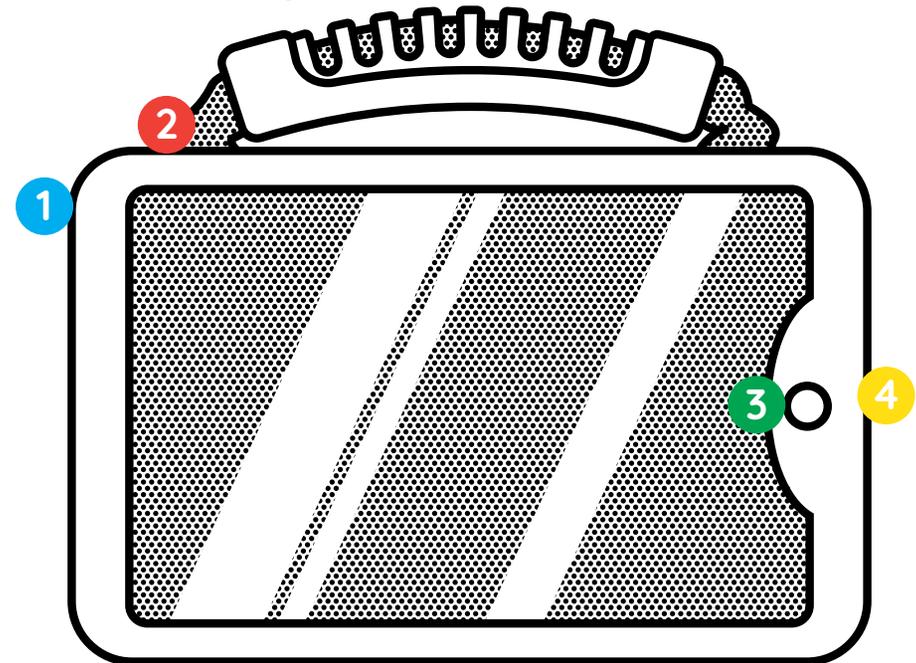

wego 5A-D

Pull down the tab to reveal the device charging port.

wego 7A-D, 10A-D & 13A-D

If your wego A model does not have a Home button, swipe up from the bottom of the screen.
