

OUR ECO CARD RANGE - WOOD CARDS

**The visual and tactile way to show
your commitment to sustainability**

Ideal for Membership, Loyalty, Key Cards,
Cloakroom Tags, Promotions & Events

WOOD CARDS

Choosing a wood card makes a strong statement about your eco credentials as a brand. We can print your custom branded cards across 5 different woods and to varying thicknesses.

Whether you want your membership cards or key cards to be more sustainable or want to make an impression with Wood Cloakroom Tags at your event, we can advise you.

Which wood is right for you?

Uses: RFID Cards, Cloakroom tags, Hotel Key Cards, EV Charging Cards, Membership Cards, Promotional Cards, Event Tickets.

Printing process: Laser engraved on both sides to your custom design as standard. Colour print also available.

Thickness: 1 - 2mm available

Quantities: From 100 cards, cost savings from 500 cards.

Features available: RFID Technology - various chips available including MIFARE, Ving, Onity. Hole Punch, Numbering, other shapes (e.g. fobs)

Turnaround time: Approx 4 weeks from Artwork Approval.

WANT TO SEE A PHYSICAL SAMPLE?

Please let us know which wood(s) you're interested in and we'll send you out a sample in the post.
