

DURALEC[®] ULTRA[™] DIESEL MOTOR OIL

THE SYNTHETIC EXPERT

Duralec[®] from Royal Purple[®] is a complete line of high performance lubricants specifically developed for all of your light duty & heavy duty trucks, off road equipment and fleet vehicle needs. Duralec products offer synthetic technology and are the most advanced lubricants in the market today.

NEW AND IMPROVED

Duralec Ultra[™] combines premium base oils with Royal Purple's proprietary additive technology, Synerlec, to create a high-performance motor oil that optimizes engine performance and provides superior protection in rigorous on/off highway applications. Synerlec provides unsurpassed film strength and lubricity - up to 4X more than top competitors.

PERFORMANCE ADVANTAGES

- + Maximum wear protection- up to 33% better than CK-4 requirements
- + Improved cold flow operation and start-up protection
- + Extraordinary performance in older generation, high-output diesel engines.
- + Extended oil life - up to 40% better than CK-4 requirements.
- + Reduced oil consumption

In addition, advanced synthetic solvency reduces engine deposits and keeps engines clean. The net result is a better performing engine, with reduced downtime and lower cost of ownership.

MULTI-GRADE OILS
10W-30 & 15W-40

AVAILABLE PACKAGE SIZES
1-gallon, 5-gallon pail, 55-gallon drum
