

How to Save a Bird Recording

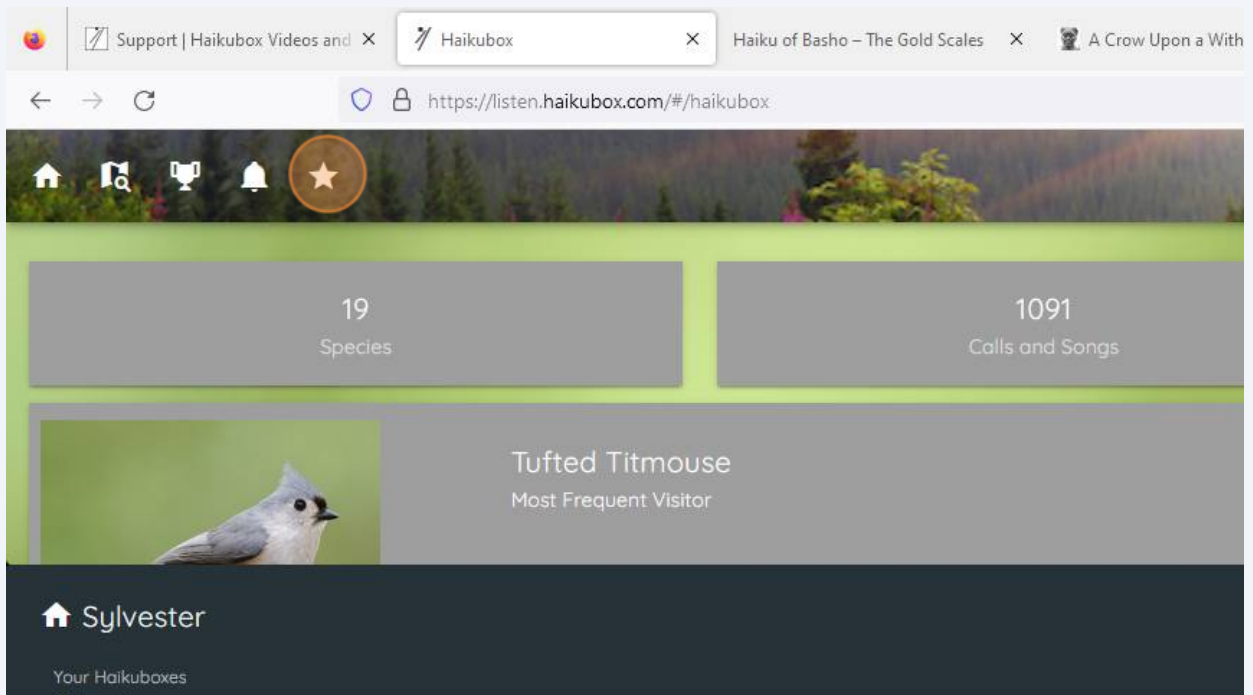

Want to save a beautiful Haikubox bird recording? Here's how!

1

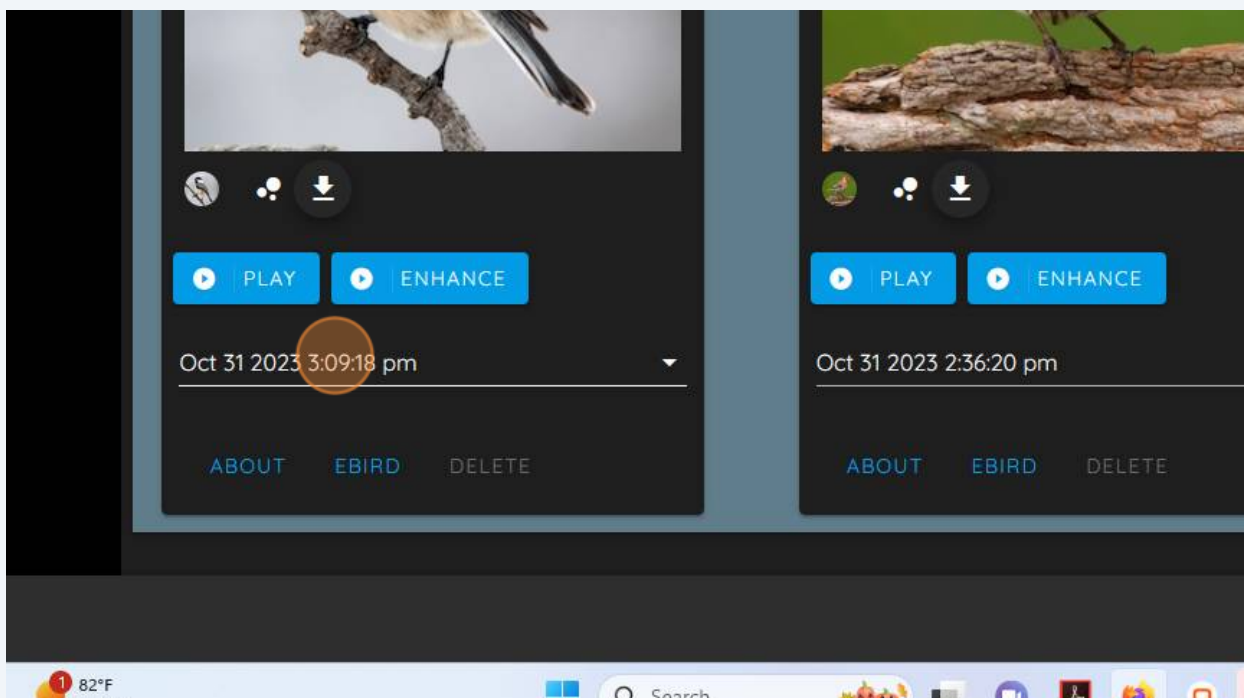

When you've identified a favorite bird recording, click on the Favorite button to save it to the Favorites page.

2 Click on the Favorites icon to access the Favorites page.

3 Find the species and use the drop down to find the recording.

4

Once you select the recording of interest, you can look at the spectrogram, play the sound or download the recording.
