01

The chair

Thatsit™ is an advancement of the iconic Variable™. It is an ideal work chair for either the home or the office and is designed for seamless transitions between different positions.

Thatsit™ with a black lacquered ash base.

With its concave backrest and curved wooden runners, Thatsit™ creates balance in all postures. Offering support when leaning back, and shin support when working at a table in front of you. Adjustable features allows you to find the setting that best supports you.

Thatsit™ with a natural lacquered ash base.

02

Features

Narrow back support
Adds to the possible sitting positions without restricting the freedom of movement for the upper body.

Winged arm rests
A place to relax your arm and relieve tension in shoulders.

Soft edges
The edges of the seat are rounded, which avoids cutting off blood to the legs.

Wide seat
A spacious seat, measuring 47 cm wide.

Adjustable backrest
A simple mechanism allows the user to adjust the height of the backrest.

Adjustable seat
The lever under the seat adjusts the distance between the seat and the backrest.

Adjustable shin rests
The shin cushions can be set closer or further apart from the seat.

Concave back support
The curvature of the back rest allows for even deeper stretches, creating space in the chest area.

Tilt stop
Lean back without worrying about tipping over. This wooden part will touch the ground before you do.

Curved wooden runners
Made from beech and ash plywood. Flexible and strong, ensuring a sitting experience that is never static.

03

Movement

Shin rests invite the whole body to participate. Use them to engage your feet and vary position.

A slightly forward-tilted seat encourages a natural posture which relieves unwanted pressure while seated.

The wingback is a perfect spot to rest your arms. The narrow design allows you to relax your shoulders and pull them back, creating a welcomed opening of the chest.

You can even turn all the way around and lean your torso against the backrest for variation.

04

The designer

Peter Opsvik

Peter Opsvik is a Norwegian industrial designer born in 1939, trained at the Bergen College of Applied Art and the Norwegian State College of Applied Art in Oslo. Opsvik has worked as a freelance industrial designer since 1970, and currently has his own design studio in Oslo, where he works with his team focusing on product design as a mean for solving real-life problems.

Throughout his career, Opsvik has attempted to overcome our stereotypical sitting habits with his unconventional seating solutions. With a playful and human starting point, his work is a display of how norms of sitting properly and sitting still can be broken.
