Mailing Instructions:

~You can mail or deliver either fresh flowers or already dried flowers.

~We only need your flowers or petals. No stems.

~Lay flowers or petals in between sheets of paper towels and fold. If flowers are a tight bud such as a rose, separate the petals and lay them out flat on the paper towel. This will allow the petals to breathe and prevent the natural moisture from beginning to mildew. For ease in separating rose petals, place the rose bud in one hand, grasp the base of the flower with the other hand, twist, and remove the center along with the stem. The petals will fall apart naturally.

~ Place your flowers in an envelope or folder. Do not place your flowers or petals in a plastic bag. Any moisture will cause them to mildew.

~ Inside the envelope you must complete the ENCLOSURE FORM found below and enclose the applicable fee payment.

~ Mail the flowers to:

Fleurenasci

P.O. Box 801630

Acworth, GA 30101

~ You can also make an appointment to deliver your petals by calling us at 404-644-8672.
