SC12 Features

- Reishi mushroom extract is an important part of the formulation and reishi's F3 glycopolysaccharides positively influence the activity of human stem cells.*
- Reishi is also a natural liver protectant.*
- Spirulina in the SC12 formula supports and maintains the immune system, while also promoting good pH balance.*
- Phytochemicals in bilberry have been shown to support healthy blood sugar levels and cholesterol levels that are already within normal limits.*
- Quercetin and rose hips are merged in the formulation to provide antioxidants to help protect new cells and older cells from free radical damage.*
- Lycium extract (goji berry) adds value to the SC12 formula with its longevity-promoting properties and rich micronutrient profile.*
- SC12 features hyaluronic acid (HA) to support joint health and positively affect the cellular functions of human stem cells.*
- L-carnosine interferes with certain chemicals that play a role in the aging process.*
- SC12 also includes L-theanine, a relaxing, stress-relieving amino acid.*
- SC12 is completed with vitamin B12, folic acid and vitamin D3 for cellular health, bone development, cardiovascular health, soft tissue development, enhanced energy levels and smooth physiological functions.*
- In veggie capsules
