SOCIAL RESPONSIBILITY

At MJ Apparels LLC our factories are

Safe:

We provide a safe and comfortable work environment, which exceeds globally recognized standards. As a family company, we strive to ensure that every facility we own, no matter it's geographical location, is held to the same standards of health and safety regulation.

GREEN:

MJ Apparels has a passion not just for beautiful garments, but also a beautiful and sustainable environment. We are committed to the use of renewable energy as well as a prevention of pollution at all of our facilities. Recycling and reuse of raw materials allows us to not only waste less, but cut cost even more for our customers.

ETHICAL

Our factories support their workers by paying a living wage, far above required minimums in certain locations. Being against discrimination is more than just a credo at MJ Apparels; we hold every single one of our facilities to the same standards of equity, and we strongly oppose forced labor, child labor, racism, discrimination, exploitation, or unfair standards of its workers for any reason.

EMPOWERING:

At MJ Apparels, we have made a conscious effort to empower women, who have statistically fought harder in many industries than their male counterparts. We continue to employ assertive programs to hire, train, and promote women in the workforce.

Description:

Some seasons are just in between, and you need to be as flexible as the weather is. Long sleeves serve two distinct purposes: protection from the elements and insulation. Ribbed cuffs allow you to manage these functions, either by keeping your sleeves snug at the wrist, or by holding them up if you need to push them out of the way. This Soft Spun version has been extra combed and refined to ensure it feels extra cozy when you wear it, and preshrunk fabric keeps its size after laundering.
