

**"I'm 6'5" and feel very comfortable on the HandyScoot™. Life threw me a curve ball and I had to come to grips that I needed help with long distances. The HandyScoot™ has been nothing less than life altering for me. I am now able to be totally independent again and even participate in family activities. Don't know what I would do without this little scooter!" Mike M.**

**"87 years old and can lift the HandyScoot™ into my car! Never expected it to be so lightweight. At my age, I still want a little zip. This scooter makes me feel young again!" Ed K.**

- No external carrier lift required

## HandyScoot™ Features

**WE SUPPORT VETERANS**

*"I took the dog around the block for the first time in years! I wanted my life back but didn't want one of those large, clunky scooters. Not only am I able to get out, I am meeting people wherever I go. So glad I found this scooter. I have truly gained my independence back."  
Whitney H.*
