Notes to the Condensed Interim Financial Statements

For the nine months ended November 30, 2022

Expressed in Canadian dollars

(Unaudited – prepared by management)

1. NATURE OF OPERATIONS AND CONTINUANCE OF OPERATIONS

Swmbrd Sports Inc. (“Swmbrd” or the “Company”) was incorporated on September 15, 2015, under the Company Act of British Columbia and is in the business of developing, manufacturing, marketing, and selling aquatic sports products in the sporting goods and outdoor recreation industries. The head office, principal address and registered and records office of the Company are located at 1450 – 789 West Pender, Vancouver, BC, Canada, V6C 1H2. The Company was listed on the Canadian Securities Exchange (“CSE”) on February 16, 2022 under the symbol “SWIM”.

These condensed interim financial statements were authorized for issue by the Audit Committee and Board of Directors on January 26, 2023.

The Company has no source of operating cash flows, has not yet achieved profitable operations, has working capital of \$254,442 at November 30, 2022 (February 28, 2022: \$364,550), has accumulated losses since its inception, expects to incur further losses in the development of its business, and has no assurance that sufficient funding will be available to conduct further development of its products. These material uncertainties cast significant doubt about the Company’s ability to continue as a going concern and, accordingly, the appropriateness of the use of generally accepted accounting principles applicable to a going concern. In recognition of these circumstances, management is pursuing various financial alternatives to fund the Company’s development stages. There is no assurance that these initiatives will be successful.

In the future, the Company may raise additional financing through the issuance of share capital or shareholder loans; however, there can be no assurance that it will be successful in its efforts to do so and that the terms will be favourable to the Company. These financial statements do not include any adjustments to the carrying values of assets and liabilities, the reported expenses and statement of financial position classifications that might be necessary should the Company be unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Management is actively seeking to raise the necessary capital to meet its funding requirements. There can be no assurance that management’s plan will be successful. If the going concern assumption were not appropriate for these financial statements, then adjustments would be necessary in the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used. Such adjustments could be material.

2. BASIS OF PRESENTATION

Statement of Compliance

These condensed interim statements are prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”), applicable to the presentation of interim financial statements, including IAS 34, Interim Financial Reporting.

These financial statements have been prepared on a historical costs basis except for financial instruments classified as financial instruments at fair value through profit or loss, which are stated at their fair value. In addition, this financial statement has been prepared using the accrual basis of accounting.

The preparation of these financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management’s experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

3. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual outcomes could differ from these estimates. These financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout these financial statements and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and further periods if the revision affects both current and future periods.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the statement of financial position date that could result in a material adjustment to the carrying amounts of assets and liabilities in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

- (i) The assessment of the ultimate collectability of due from related parties.

Critical judgments

- i. Going concern - Evaluation of the ability of the Company to realize its strategy for funding its future needs for working capital involves making judgments.
- ii. Provision for credit losses - Judgment is required as to the timing of establishing a provision for credit losses and the amount of the required provision, taking into consideration factors such as counterparty creditworthiness, the fair value of the underlying collateral, current economic trends and past experience.
- iii. Fair value and useful life of intangible assets - The value of the intangible assets was determined based on the fair value of the consideration exchanged. Management judgmentally used five years as the useful life of the intangible assets for purposes of amortization.
- iv. Impairment of intangible assets – The determination that there are no indicators of impairment indicating that the carrying amount exceeds the recoverable amount.

Judgment is required in assessing whether certain factors would be considered an indicator of impairment or impairment reversal. Management considers both internal and external information to determine whether there is an indicator of impairment or impairment reversal present and, accordingly, whether impairment testing is required.

4. SIGNIFICANT ACCOUNTING POLICIES

The policies applied in these condensed interim financial statements are consistent with policies disclosed in Note 4 of the financial statements for the year ended February 28, 2022. These condensed interim financial statements should be read in conjunction with the Company's audited financial statements for the year ended February 28, 2022.

Certain new standards, interpretations and amendments to existing standards issued by the IASB or IFRIC may have become mandatory or have been issued subsequent to the year ended February 28, 2022. However, none have been identified as applicable or are consequential to the Company.

Each warrant entitles the holder to purchase one common share at a price (as amended on October 27, 2021) of \$0.20 until December 25, 2023.
- d) On September 15, 2021, 240,000 RSUs granted in March 2021 vested and on September 30, 2021 480,000 RSUs vested. On September 30, 2021, the RSU’s were exercised and exchanged for 720,000 common shares of the Company. The Company recognized share-based compensation expense related to the RSUs in the amount of \$36,000.
- e) On January 24, 2022, the Company closed a private placement of 655,000 units (each, a “Unit”) at a price of \$0.10 per Unit for aggregate proceeds of \$65,500. Each Unit consists of one common share and one common share purchase warrant. Each warrant entitles the holder to purchase one common share at a price of \$0.20 for 12 months and \$0.30 for a further 12 months. The Company granted 25,900 finder’s warrants with the same terms as the share purchase warrants. The finders’ warrants were valued at \$932 using the Black-Scholes option pricing model.

b) Long-term Incentive Plans

Stock Option Plan

The Company adopted an incentive stock option plan (“the Plan”) which provides that the number of shares issuable under the plan may not exceed 10% of the issued and outstanding common shares of the Company. Options granted under the Plan may have a maximum term of 10 years. The exercise price of options granted under the Plan may not be less than the discounted market price of the shares on grant date, or such other price as may be agreed to by the Company and accepted by the Canadian Securities Exchange.

On September 12, 2022, the Company granted 6,770,000 common shares of the Company to certain directors, officers, employees, and consultants of the Company. The options granted vest immediately upon the grant and are exercisable for a period of 2 years from the date of grant at a price of \$0.10 per common share.

The following stock options were outstanding and exercisable as at November 30, 2022 and February 28, 2022:

b) Long-term Incentive Plans - continued

Restricted Share Unit Plan

On March 15, 2021, the board of directors approved a restricted share unit (“RSU”) plan for the purpose of securing for the Company and its shareholders the benefits of incentive inherent in share ownership by the employees and directors of the Company and its affiliates who, in the judgment of the Board and the Compensation Committee, will be largely responsible for the Company’s future growth and success. Subject to the specific provisions of the RSU plan, eligibility, vesting period, terms of the RSUs and the number of RSUs granted are to be determined by the Board or the Compensation Committee at the time of the grant. Each award granted entitles the participant to receive one RSU. Within two business days of the award grant, the participant must send a written settlement election to the Company choosing whether it wishes the awards to be subject to cash or share settlement procedures.

On March 15, 2021, 720,000 RSUs were granted to consultants of the Company at a deemed price of \$0.05 per share. The vesting date of 240,000 RSUs was September 15, 2021 and the vesting date of the remaining 480,000 RSUs was September 30, 2021. On September 30, 2021, the RSU’s were exercised and exchanged for 720,000 common shares of the Company. During the year ended February 28, 2022, the Company recognized share-based compensation expense related to the RSUs in the amount of \$36,000.

d) Performance warrants

On January 19, 2022, the Company issued 4,000,000 performance warrants to each of Justin Schroenn, Matthew Schroenn and Gareth Schroenn. The performance warrants are exercisable at a price of \$0.10 and will vest upon the Company entering into an employment agreement with a former senior level executive from a major sporting brand to act as Chief Executive Officer of the Company. On April 4, 2022, the Company entered into an employment agreement with a senior level executive, however it did not include his appointment as CEO, and as a result, the performance warrants have not vested and no share-based compensation has been recognized.

9. RELATED PARTY TRANSACTIONS

During the nine months ended November 30, 2022 and 2021, the Company incurred the following transactions with officers or directors of the Company or companies with common directors:

	Nine months ended November 30,	
	2022	2021
Key management compensation*	\$	\$
Salaries and consulting fees	266,000	169,000
Share-based payments	809,835	-
Total	1,075,835	169,000

* Key management includes those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including the Company's executive officers and certain members of its Board of Directors.

As at November 30, 2022, \$21,000 (February 28, 2022 - \$nil) is due to directors and officers of the Company.

During the year ended February 28, 2022, 12,000,000 performance warrants were granted to directors of the Company (see Note 8 (d)), although they have not vested during the nine months ended November 30, 2022.

On March 15, 2021, 240,000 RSUs were granted to a director of the Company at a deemed price of \$0.05 per share. The RSUs vested on September 15, 2021 and on September 30, 2021 these RSUs were exercised and exchanged for 240,000 common shares of the Company. The Company recognized share-based compensation expense related to these RSUs in the amount of \$12,000.

On April 20, 2022, the Company issued 4,700,000 shares with a fair value of \$0.135 per share in connection with the hiring of a Consultant.

The terms and conditions of these transactions with key management and their related parties were no more favourable than those available, or which might reasonably be expected to be available, or similar transactions to non-key management related entities on an arm's length basis. These transactions are in the normal course of operations and have been valued in these financial statements at the exchange amount, which is the amount of consideration established and agreed to by the related parties. The amounts due to related parties are unsecured, non-interest bearing, and have no specific terms of repayment.

11. FINANCIAL INSTRUMENTS

The Company’s risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to market conditions and the Company’s activities. The Company has exposure to credit risk, liquidity risk and market risk as a result of its use of financial instruments. This note presents information about the Company’s exposure to each of the above risks and the Company’s objectives, policies and processes for measuring and managing these risks. Further quantitative disclosures are included throughout these financial statements.

The Board of Directors has overall responsibility for the establishment and oversight of the Company’s risk management framework. The Board has implemented and monitors compliance with risk management policies as set out herein.

a) Credit Risk

The Company is not exposed to significant credit risk on its cash due to its cash is placed with major financial institutions and investments are placed with a Canadian chartered bank or with independent investment dealer member of the Canadian Investor Protection Fund. All transactions executed by the Company in listed securities are settled or paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities sold is only made once the broker has received payment.

At November 30, 2022, the Company held cash of \$6,741 (February 28, 2022: \$207,038) with Canadian chartered banks.

b) Liquidity Risk

Liquidity risk is the risk that the Company will incur difficulties meeting its financial obligations as they are due. The Company’s approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions without incurring unacceptable losses or risking harm to the Company’s reputation.

As at November 30, 2022, the Company has total current liabilities of \$224,966 (February 28, 2022: \$94,046).

c) Market Risk

Market risk consists of currency risk, commodity price risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable limits, while maximizing returns.

i) *Currency Risk*

Foreign currency exchange rate risk is the risk that the fair value or future cash flows will fluctuate as a result of changes in foreign exchange rates. Although the Company is in the development stage and has not yet developed commercial production, the underlying commodity price for materials and services is impacted by changes in the exchange rate between the Canadian dollar, the United States dollar, and the Euro. As all of the Company's transactions are denominated in Canadian dollars, the Company is not significantly exposed to foreign currency exchange risk at this time.

ii) *Commodity Price Risk*

Commodity price risk is the risk that the fair value of future cash flows will fluctuate as a result of changes in commodity prices. Commodity prices for production materials are impacted by world economic events that dictate the levels of supply and demand as well as the relationship between the Canadian and United States dollar and Euro, as outlined above. As the Company has not yet developed commercial production, it is not exposed to commodity price risk at this time.

iii) *Interest Rate Risk*

The Company is not exposed to significant interest rate risk even though the Company has cash balances, and its current policy is to invest excess cash in certificates of deposit or money market funds of major Canadian chartered banks. The Company's other financial assets and financial liabilities do not comprise any interest rate risk since they do not bear interest.

d) Fair Value

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3 – Inputs that are not based on observable market data.

The following is an analysis of the Company's financial assets measured at fair value as at:

	As at November 30, 2022		
	Level 1	Level 2	Level 3
Cash	\$ 6,741	\$ -	\$ -
	\$ 6,741	\$ -	\$ -

	As at February 28, 2022		
	Level 1	Level 2	Level 3
Cash	\$ 207,038	\$ -	\$ -

e) Capital Management

Capital is comprised of the Company's shareholders' equity and any debt it may issue. As at November 30, 2022, the Company's equity was \$410,042 (February 28, 2022: \$523,690). The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern and to maintain a flexible capital structure which will allow it to pursue the production of its products. Therefore, the Company monitors the level of risk incurred in its expenditures relative to its capital structure which is comprised of working capital and shareholders' equity.

The Company monitors its capital structure and makes adjustments in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to facilitate the management of capital and the development of its products, the Company prepares annual expenditure budgets which are updated as necessary and are reviewed and periodically approved by the Company's Board of Directors. To maintain or adjust the capital structure, the Company may issue new equity if available on favourable terms, enter into joint venture arrangements, or dispose of assets. The Company is not subject to any externally imposed capital requirements and there were no changes in the Company's approach to capital management during the year.

12. SUBSEQUENT EVENTS

On January 23, 2023, the Company closed a private placement of 2,462,500 units (each, a "Unit") at a price of \$0.05 per Unit for aggregate proceeds of \$123,125. Each Unit consists of one common share and one common share purchase warrant. Each warrant entitles the holder to purchase one common share at a price of \$0.06 for a period of five (5) years. The Company paid \$2,200 in finder's fees and granted 44,000 finder's warrants with the same terms as the share purchase warrants.
