

SAFETY DATA SHEET

1. PRODUCT AND COMPANY IDENTIFICATION

Material name: Seats & Cushions Protectant
Formula Reference: BMSFR
Date: 12-December-2023
Product use: Fabric Protector
Restrictions on use: None Identified
Company Information:

NatuReal LLC
NE 36th Street
No. 50548
Lighthouse Point, FL 33074 US

Telephone: 800-921-4634

Emergency Telephone: 800-921-4634
Monday - Friday
9 am – 5 pm (ET)

2. HAZARDS IDENTIFICATION

GHS/HAZCOM 2012 Classification:

Health	Physical
Aspiration Hazard Category 1 Skin Irritation Category 2 Specific Target Organ Toxicity -Single Exposure Category 3	Flammable Liquid Category 4

Label Elements

Danger!

H227 Combustible liquid
H304 May be fatal if swallowed and enters airways.
H315 Causes skin irritation.
H336 May cause drowsiness or dizziness.

P210 Keep away from flames and hot surfaces. No smoking.
P261 Avoid breathing mist, vapors, or spray.
P264 Wash thoroughly after handling.
P271 Use only outdoors or in a well-ventilated area.
P280 Wear protective gloves, eye protection and face protection.
P370 + P378 In case of fire: Use water fog, foam, carbon dioxide or dry chemical to extinguish.
P301 + P310 IF SWALLOWED: Immediately call a POISON CENTER or doctor.
P331 Do NOT induce vomiting.
P302 + P352 IF ON SKIN: Wash with plenty of soap and water.
P332 + P313 If skin irritation occurs: Get medical attention.
P362 + P364 Take off contaminated clothing and wash it before reuse.
P304 + P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P312 Call a POISON CENTER or doctor if you feel unwell.
P403 + P235 Store in a well-ventilated place. Keep cool.
P405 Store locked up.
P501 Dispose of contents and container in accordance with local and national regulations.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Components	CAS#	PERCENT
Distillates (Petroleum), Hydrotreated Light	64742-47-8	≤ 99

The exact concentrations are a trade secret.

4. FIRST AID MEASURES

- Eye Contact:** Flush the eyes with large amounts of water for several minutes, while holding the eyelids open to assure that the entire surface is flushed. Get medical attention if irritation persists.
- Skin Contact:** Wash skin with soap and water for 15 minutes. Get medical attention if irritation persists.
- Inhalation:** If irritation or symptoms occur, remove to fresh air. Get medical attention if symptoms persist.
- Ingestion:** DO NOT induce vomiting. If the victim is fully conscious, have them rinse their mouth with water. Get immediate medical assistance by calling a doctor or poison center. Never give anything by mouth to a person who is unconscious or drowsy.

Most important symptoms: Aspiration hazard – may enter the lungs during swallowing or vomiting and cause serious lung damage, which may be fatal. Ingestion may also cause gastrointestinal effects such as nausea, vomiting and diarrhea. Causes skin irritation. Contact may cause minor irritation to the eyes. Inhalation may cause slight respiratory irritation. May also cause drowsiness, or dizziness.

Indication of immediate medical attention and special treatment, if needed: Immediate medical treatment is required for ingestions which may result in an aspiration hazard. Material may enter the lungs during swallowing or vomiting and cause serious lung damage, which may be fatal.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Use water fog, foam, carbon dioxide or dry chemical. Cool fire exposed containers with water.

Specific hazards arising from the chemical: Combustible liquid. Flammable vapors may accumulate in the container. Thermal decomposition releases oxides of carbon, and unburned hydrocarbons.

Special firefighting procedures: Firefighters should wear self-contained breathing apparatus and full protective clothing.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment, and emergency procedures:
No open flames, no sparks, and no smoking. Ventilate spillage area. Do not breathe vapors. Avoid contact with skin and eyes. Keep unnecessary and unprotected personnel away from the spillage. Wear protective equipment as directed in Section 8 of this SDS.

Methods and materials for containment / clean up: Stop flow of material if this is without risk. Dike far ahead of liquid spill for later disposal. Soak up with an inert material and place in suitable containers for disposal.

Environmental precautions: Prevent further leakage or spillage if safe to do so. Avoid release into the environment.

7. HANDLING AND STORAGE

Precautions for safe handling: Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Ensure adequate ventilation. Do not breathe vapors. Wear personal protective equipment. Avoid contact with eyes, skin, and clothing. Handle in accordance with good industrial hygiene and safety procedures.

Conditions for safe storage, including any incompatibilities:
Store locked up. Store in a well-ventilated place. Keep cool. Keep away from ignition sources. Store away from strong oxidizers, strong bases, strong acids. Keep container tightly closed. Protect containers from physical damage.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Guidelines:

Component	Exposure Limits
Distillates (Petroleum), Hydrotreated Light	None established

Engineering Controls: General room ventilation sufficient under normal use conditions

Personal protective equipment

Respiratory protection: None should be needed for normal use. If exposure limits are exceeded, or exposures are excessive, an approved respirator appropriate for the form and concentration of the contaminants should be used. Selection and use of respiratory equipment must be in accordance with applicable regulations and good industrial hygiene practice.

Hand protection: Wear chemical resistant gloves.

Eye Protection: Wear suitable eye protection.

Skin and body protection: Wear suitable protective clothing to avoid skin contact and contamination of personal clothes.

Hygiene measures: Handle in accordance with good industrial hygiene and safety.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	Liquid
Color:	Not determined
Odor:	Not determined
Melting/Freezing Point:	Not determined.
Boiling Point / Range:	Not determined.
Flammability:	Combustible liquid
Flammability Limits:	
LEL:	Not determined.
UEL:	Not determined.
Flash Point:	>140° F (>60° C)

Autoignition Temperature:	Not determined.
Decomposition Temperature:	Not determined.
pH:	Not applicable
Kinematic Viscosity:	Not determined.
Solubility:	Not determined
Partition Coefficient (n-octanol/water):	Not determined.
Vapor Pressure:	Not determined.
Evaporation Rate:	Not determined.
Vapor Density:	Not determined.
Density (or Relative Density):	0.81

10. STABILITY AND REACTIVITY

Reactivity:	Non-reactive
Chemical stability:	Stable
Possibility of hazardous reactions:	None under normal use.
Conditions to avoid:	Incompatible materials. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources.
Incompatible materials:	Strong oxidizers, acids, and bases.
Hazardous decomposition products:	Thermal decomposition releases oxides of carbon, and unburned hydrocarbons.

11. TOXICOLOGICAL INFORMATION

POTENTIAL HEALT EFFECTS:

Inhalation:	Inhalation may cause drowsiness, or dizziness. Inhalation of mists may also cause mild respiratory irritation.
Skin Contact :	Causes skin irritation.
Eye Contact:	Contact may cause minor irritation.
Ingestion:	Aspiration hazard – may enter the lungs during swallowing or vomiting and cause serious lung damage, which may be fatal. Ingestion may also cause gastrointestinal effects such as nausea, vomiting and diarrhea.
Chronic Effects:	None expected.

Eye Irritation/ Damage: Direct eye contact may cause minor irritation.

Skin Irritation / Corrosivity : Causes skin irritation.

Sensitization: Not classified.

Carcinogenicity: Not classified. None of the components of this product are listed as carcinogens by the IARC, OSHA, or NTP.

Germ Cell Mutagenicity: Not classified.

Reproductive Toxicity Data: Not classified.

Specific Target Organ Toxicity Single Exposure (STOT-SE): Not classified.

Specific Target Organ Toxicity Repeated Exposure (STOT-RE): Inhalation may cause drowsiness, or dizziness.

Aspiration: Aspiration hazard – may enter the lungs during swallowing or vomiting and cause serious lung damage, which may be fatal.

ACUTE TOXICITY VALUES:

Product ATE: LD50 Oral >5000 mg/kg.

Distillates (Petroleum), Hydrotreated Light:

LD50 Oral Rat >5000 mg/kg

LD50 Dermal Rabbit >5,000 mg/kg

12. ECOLOGICAL INFORMATION

Ecotoxicity: This product is not expected to cause harm to the aquatic environment.

Distillates (Petroleum), Hydrotreated Light: Not expected to cause harm to the aquatic environment or to have long lasting chronic effects.

Persistence and Degradability: No additional information for product

Bio-accumulative Potential: No additional information for product

Mobility in Soil: No additional information for product

Other Adverse Effects: None known.

13. DISPOSAL CONSIDERATIONS

Disposal instructions: Dispose of product in accordance with all local, state/provincial, and federal regulations.

14. TRANSPORT INFORMATION

Department of Transportation (DOT)

Proper Shipping Name (DOT) : Petroleum Distillates n.o.s.

UN-No. (DOT) : UN1268

Class (DOT) : Combustible Liquid

Packing group (DOT) : III

Hazard labels (DOT) : None

Dangerous for the environment : No

Note: This product can be shipped as unregulated in non-bulk packages (<119 gal) per 49CFR173.150(f)

Not regulated for transportation by IATA/ICAO or IMDG.

Transport in Bulk According to IMO Instruments: Not applicable.

15. REGULATORY INFORMATION

U.S. Federal Regulations

SARA 311/312: Hazard Categories for SARA 311/312 Reporting: Classified as per Section 2 of this SDS according to OSHA HazCom 2012 GHS classification.

SARA 313: This product contains the following chemicals subject to Annual Release Reporting Requirements under SARA Section 313(40 CFR372): None

CERCLA Section 103 Reportable Quantity: This product is not subject to CERCLA reporting requirements as it is sold, however, many states have more stringent release reporting requirements. Report spills required under federal, state, and local regulations.

State Regulations

California Proposition 65: This product does not contain substances known to the state of California to cause cancer and/or reproductive toxicity.

16. OTHER INFORMATION

Revision History:

Date of Current Revision:	December 1, 2023
Revision Summary:	New SDS
Date of Previous Revision:	N/A
