

JOURNI™ Mobile Task Light

PORTABLE CIRCADIAN LED LUMINAIRE BY LIGHTING SCIENCE

COMPACT. HEALTHY. READY FOR WHEREVER LIFE TAKES YOU.
Introducing the JOURNI™ Mobile Task Light.

The JOURNI portable circadian LED light gives you the best of our popular, healthy spectrums in one sleek, low-profile and portable device. Now you can enjoy the flexibility of having the proper, healthy light at any time of day. Designed using Lighting Science's patented GoodDay® and GoodNight® spectrum technologies, JOURNI allows you to easily change from the warm, sleep-enhancing spectrum of GoodNight to the alertness and focus-enhancing spectrum of GoodDay. This versatile luminaire can help you to effortlessly bring energy-efficient, circadian lighting to any area of your home, school or office. JOURNI is perfect for anywhere life takes you. Using dynamic technology that was first developed in collaboration with NASA to support the circadian rhythms of astronauts on the International Space Station, JOURNI is the ideal solution for achieving healthy, circadian lighting exactly when and where you want it.

- **Feel More Alert and Focused:** Our patented GoodDay® technology enhances focus and boosts energy and performance
- **Reduce Blue Light at Night:** Our patented GoodNight® technology promotes a healthy circadian rhythm and reduces harmful blue light, encouraging a restful night's sleep
- **High Quality Light:** Provides crisp, clean light with high CRI in any mode
- **Portable:** Uses a high-powered lithium ion battery so it's ready whenever you are
- **Ideal for Everyday Use:** Dual-spectrum technology provides the perfect healthy light any time of day.

Welcome to your JOURNI. It's your time to shine.
