

LIMPIADOR MANTENIMIENTO

PRODUCT INFORMATION

Maintenance

TECHNICAL DATA OF APPLICATION

Product description	Product specially designed for cleaning and maintenance of floors. Its water-based maintenance components are respectful with the environment. Cleans and protects in a single process. Provides a satin and antistatic finish.		
Application area	Cleaning and maintenance of microcement floors, self-leveling cementitious, epoxy and polyurethane coatings, parquet, terracotta or natural stone.		
Composition	Less than 5% anionic surfactants, soap, and non-ionic surfactants. Other components: Geraniol, Limonene, solvents and maintenance agents.		
Conservation	Store in the original package, unopened and avoiding direct sunlight, the product has a shelf life of at least one year.		
Package	Package	Carafe	5 Kg.
Use	Add to the usual scrubbing water, the proportion is 100ml of Maintenance Cleaner per 10Lts of water. The floor will be clean and protected in a single process. Regular use provides an increase in surface resistance, acting as an anti-fouling protection.		
Cautions	Keep locked up and out of the reach of children. In case of ingestion, seek medical advice immediately.		

Note: This technical data sheet serves, like all other recommendations and technical information, only to describe the characteristics of the product, how to use it and its applications. The data and information reproduced are based on our technical knowledge obtained in the literature, laboratory tests and in practice. The data on consumption and dosage that appear in this technical sheet are based on our own experience, so these are susceptible to variations due to the different conditions of the works. The actual consumptions and dosages must be determined on site, by means of previous tests and are the responsibility of the client. For additional advice consult our technical service. Microestil Cement, s.l. reserves the right to modify the composition of the products, as long as they continue to fulfill the characteristics described in the technical sheet. Other applications of the product that do not conform to those indicated, will not be our responsibility. We grant a guarantee in the event of manufacturing quality defects of our products, excluding additional claims, being our sole responsibility to re-enter the value of the merchandise supplied. This data sheet loses its validity with the appearance of a new edition.
