

Rotta & Gost Coupling & Adaptors

Our Rotta and Gost couplings and adaptors are Russian 16 bar coupling systems. Both couplings have a symmetrical two claw hermaphrodite connection system but unlike the Gost system Rotta comes with two interlocking swivel lugs.

OPTIONS:

Hose Tails, BSP threaded adaptors and reducers.

Gost: This is a symmetrical two claw hermaphrodite connection system.

Rotta: This is again a symmetrical two claw hermaphrodite connection system but unlike the Gost system, comes with two interlocking swivel lugs.

CAPS:

Caps are available to blank off all DN connection sizes and come without keep chain

WASHERS & WRENCHES:

NBR Washers can be supplied for all DN sizes.

A universal spanner for DN50-DN100 can be supplied for the connection of couplings and adaptors.

MATERIALS:

- Gost** - Aluminium
- Gun Metal
- Rotta** - Gun Metal
