## **Black Metal Round Straight Spindle**

Elevate your staircase design with our Black Metal Round Straight Spindle, featuring a sleek matte black powder coated finish for a touch of contemporary elegance. Measuring at 900mm in length, these metal spindles are versatile and easy to install, suitable for use with brackets or insertion into 14mm diameter pre-drilled holes.

Easily alter the length of this black iron spindle on-site using a hacksaw or equivalent tool, ensuring a perfect fit on your staircase installation. Metal spindles offer a seamless combination of style and convenience, so why not upgrade your staircase with the modern aesthetic and practicality of our Black Metal Round Straight Spindle today.
