The New Gamme Première

100 % Eurocave

Available on May 18<sup>th</sup> 2015!

## Discover The New Gamme Première, 100 % Eurocave, Simple yet expert.

This range is designed to allow your wines to mature in optimal conditions. Let technology take care of your wine for you...

Its secret is the clever combination of tradition and modernity Tradition, because cabinets in the Première range observe the **5 criteria essential for effectively maturing and recreating a protective environment for your wine.**

Modernity, because these cabinets perfectly combine aesthetic appeal and technology. Beneath their attractive, bold lines formed from textures and materials, all of EuroCave's expertise is concealed.

### Passionate red, Deep Black

A cabinet with elegant simplicity available in 3 sizes to offer capacity for up to 182\* bottles.

### Simple & Stylish

A digital control panel which is dark and glossy.

### Clever Details

The ingenious detachable lighting enhances the cabinet's design by adding light and making it easier to read the bottle labels with the «reading» function.

The «Main du Sommelier» supports on the shelf: a structure of two materials which absorb vibration and help to support and protect your bottles.

\* Capacities of the Wine cabinets are calculated with bottles of Bordeaux tradition.
