

V-CANTER®

WE LOVE THE LARGE FORMATS

The VCANTER® is the premium decanting machine hand made in the idyllic Swiss city of Lucerne. It is an object of highest precision and quality. Besides the glossy chrome-plated version the VCANTER® can be custom ordered in any color of your choice as well as silver-plated and gold-plated.

The designer, Carmelo De Giorgio, is well known for a number of sensational lifestyle accessories. Originally trained in metalworking, he has created objects that celebrate life and emanate warmth. His aesthetic designs are a perfect combination of function and form. His products are intended to enchant living space and to provide unending pleasure to its owners.
