IN-HOUSE PRODUCTION

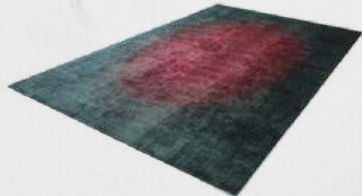

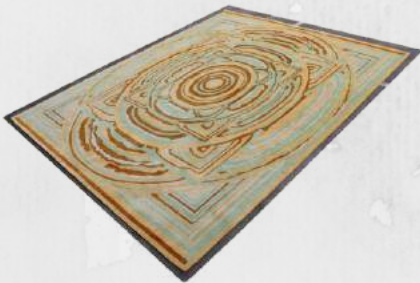

CUSTOMIZATION

Enaya is dedicated to complete satisfaction in making custom rugs that will be a unique masterpiece for its Customers. We can create a rug that is perfectly matched to your custom requirements. Our experts will help you in the process whether it is a piece of Yarn, fabric or leather, or anything you can provide us. The rug can be made in any shape and size using different natural fibers and yarns at **Enaya Carpets**.

DESIGN

You can provide us with your own design and we will work on it or if you don't have a specific concept or design in your mind, not a problem our designing team can work with you to create unique art of work. We will ensure the character of your rug design works are in harmony with the surroundings and also reflects you and your lifestyle. All the designs are developed by our in-house designing team but we also welcome ideas and designs from our customers. There are 15 experienced and creative designers in our design team.

ART WORK

Once we have all the required information related to the Custom made Carpets & Rugs, our designer will create a scaled image of the design for your approval. This will be drawn to match the colors and textures chosen and will be captured as life-like as possible.

DIMENSIONS AND SHAPES

We can have your custom rugs and carpets woven in any size or shape from Rectangle to Square to Round and Oval etc as per the requirement. We also specialize in manufacturing unique wall-to-wall carpets and feature stair runners for residential and commercial purposes.

“Our carpets are Hand-Woven by local and experienced craftsmen.”

COLORS AND TEXTURES

We have a vast collection of shades of color to choose from and can help you to match shades within your requirement. We work with the finest raw materials to create rugs of exceptional quality. These materials include Wool, Viscose, Silk, Cotton, Chenille, Hemp, and Jute. The yarn can be woven using different techniques including cut pile, loop pile, flat weave, soumak weave. We will assist in selecting the texture you require and also help you in selecting materials and colors that will suit the interior and decoration of your place.

“Enaya Carpets has a remarkable clientele base, which is the solid cornerstone of the business.”

RESULTS

Once the custom design and colors are approved, we will proceed with the sample and after your approval, the order will be sent to the production for weaving the main carpet. Weaving time may vary depending on the size, quality, and quantity of the order. Enaya as there was an authentic synergy between the two brands – a genuine appreciation for craftsmanship and a passion for bold patterns and unique beauty, values which we share at Enaya Rugs
