## U-shape LED aluminum channels

### U1SW - General type

- Slim design
- High brightness
- Low-budget

#### ● Specification

Length: 1ft / 3.3ft / 4ft / 6.6ft

For LED strip width < 12mm (15/32")

U1SW WW

Silver LED channel with milky white cover

U1SW WT

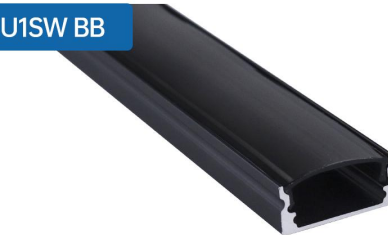

Silver LED channel with transparent cover

U1SW BW

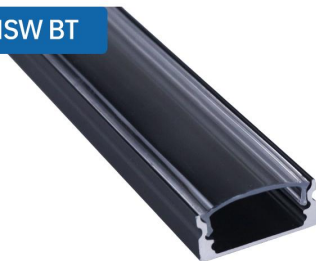

Black LED channel with milky white cover

U1SW BB

Black LED channel with smoky black cover

U1SW BT

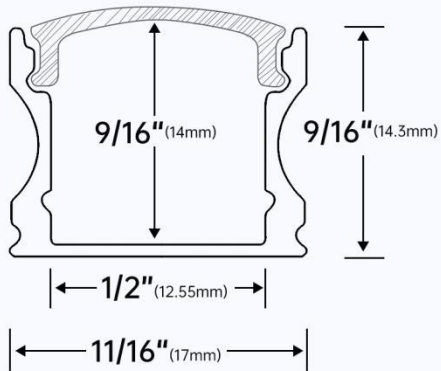

Black LED channel with transparent cover

U1SW HW

White LED channel with milky white cover

## U101 - Deep channel

- Diffuse light

- Specification

Length: 3.3ft / 6.6ft

For LED strip width < 12mm (15/32")

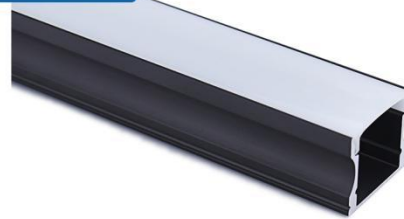

U101 WW

Silver LED channel with milky white cover

U101 BW

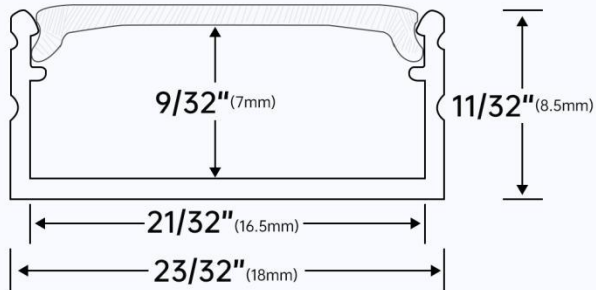

Black LED channel with milky white cover

U101 BB

Black LED channel with smoky black cover

## U102 - Wide channel

- Fit waterproof LED strips
- Fit most LED strips

### ● Specification

Length: 3.3ft / 6.6ft

For LED strip width < 16mm (5/8")

U102 WW

Silver LED channel with milky white cover

U102 BW

Black LED channel with milky white cover

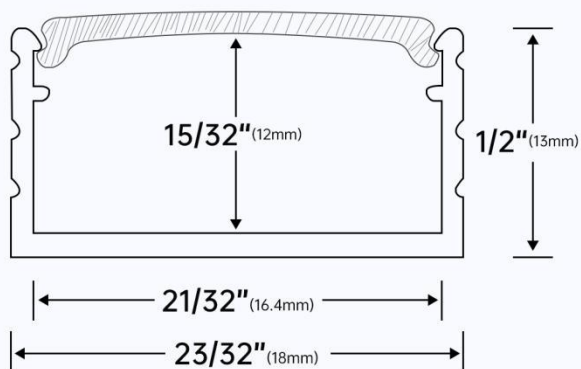

U102 BB

Black LED channel with smoky black cover

## U103 - Wide & deep channel

- Diffuse light
- Fit most LED strips
- Fit waterproof LED strips

### ● Specification

Length: 1.3ft / 3.3ft / 6.6ft

For LED strip width < 16mm (5/8")

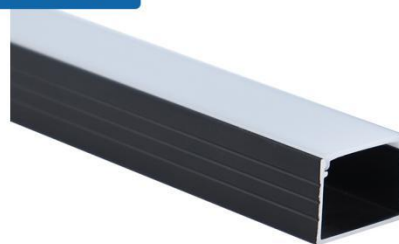

U103 WW

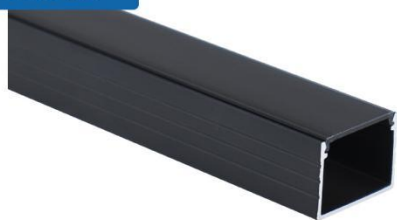

Silver LED channel with milky white cover

U103 BW

Black LED channel with milky white cover

U103 BB

Black LED channel with smoky black cover

U103 HW

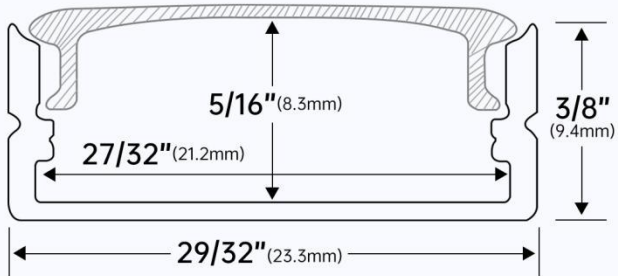

White LED channel with milky white cover

U103 HT

White LED channel with transparent cover

## U105 - Double row

- Accommodate two LED strips
- High brightness
- Specification

Length: 3.3ft  
For LED strip width <  $20\text{mm}$  ( $25/32''$ )

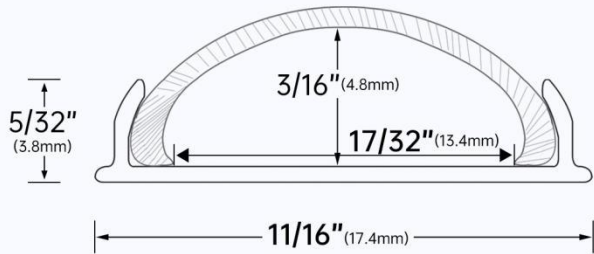

U105 WW

Silver LED channel with milky white cover

## U106 - Bendable

- Flexible & Easy DIY
- Slim design
- High brightness

### ● Specification

Length: 3.3ft  
For LED strip width < 13mm (1/2")

U106 WW

Silver LED channel with milky white cover

U106 BW

Black LED channel with milky white cover

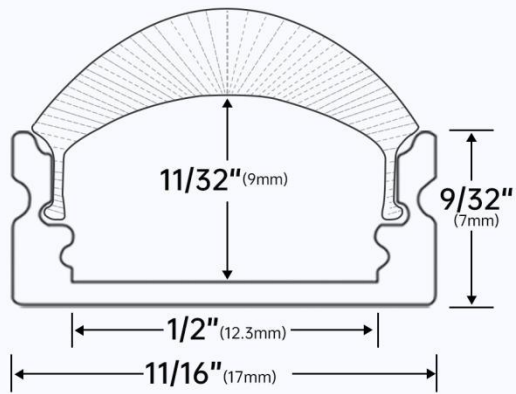

U106 BB

Black LED channel with smoky black cover

## U107 - Thicker diffuser

- Diffuse light

- Specification

Length: 3.3ft

For LED strip width < 12mm ( $15/32''$ )

U107 WW

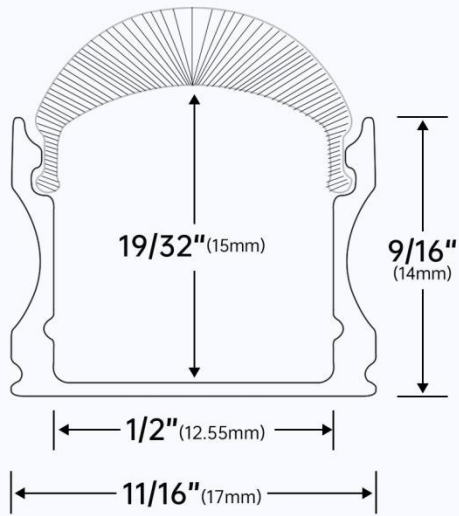

Silver LED channel with milky white cover

U107 BW

Black LED channel with milky white cover

## U108 - Deeper & Thicker diffuser

- Best spotless effect

- Specification

Length: 3.3ft / 6.6ft

For LED strip width <  $12\text{mm}$  ( $15/32''$ )

Fit LED strip density  $\geq 60$  LEDs/m

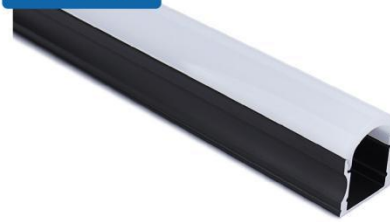

U108 WW

Silver LED channel with milky white cover

U108 BW

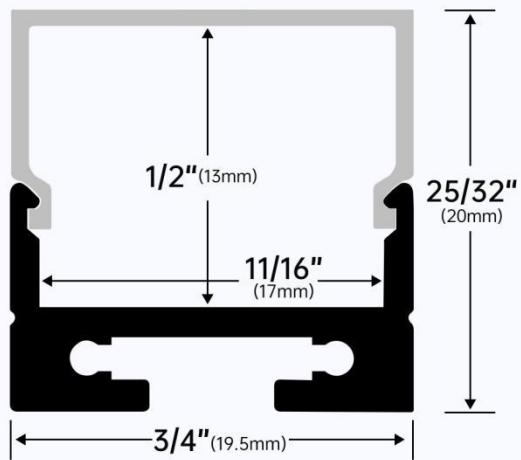

Black LED channel with milky white cover

U108 HW

White LED channel with milky white cover

## U116 - Hanging

- Spotless effect
- Fit most LED strips
- Hanging type

### ● Specification

Length: 3.3ft

For LED strip width  $< 17\text{mm}$  ( $11/16''$ )

Fit LED strip density  $\geq 60$  LEDs/m

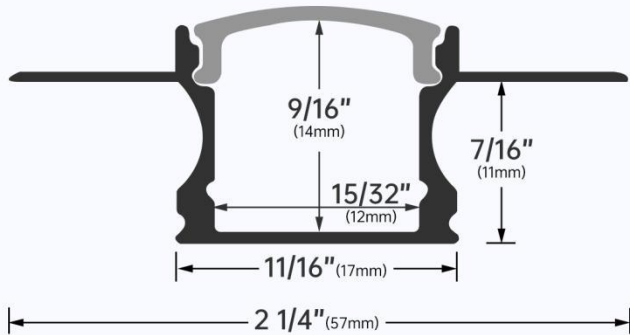

U116 WW

Silver LED channel with milky white cover

## U117 - Recessed

- Fully recessed
- Diffuse light

### ● Specification

Length: 3.3ft

For LED strip width <math>12\text{mm}</math> (

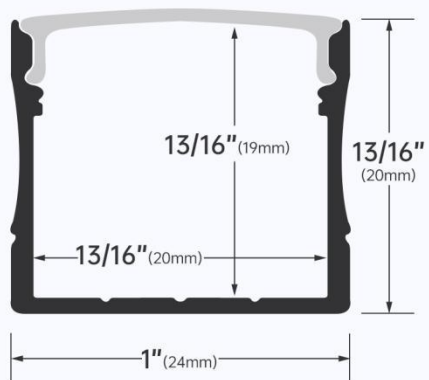

U117 WW

Silver LED channel with milky white cover

## U118 - Large size

- Spotless effect
- High brightness
- Accommodate two LED strips

### ● Specification

Length: 3.3ft

For LED strip width < 20mm (25/32")

Fit LED strip density  $\geq 60$  LEDs/m

U118 WW

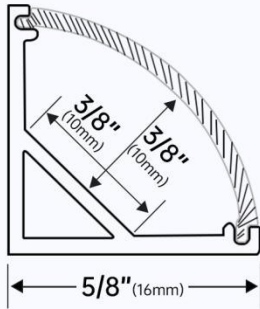

Silver LED channel with milky white cover

# 2

## V-shape LED aluminum channels

### V1SW V-shape & Classic

- 90° corner installation
- Slim design
- High brightness
- Low-budget

#### ● Specification

Length: 3.3ft / 4ft / 6.6ft

For LED strip width < 10mm (3/8")

V1SW WW

Silver LED channel with milky white cover

V1SW WT

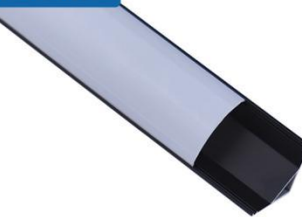

Silver LED channel with transparent cover

V1SW HW

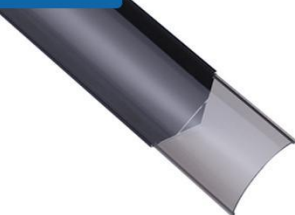

White LED channel with milky white cover

V1SW BW

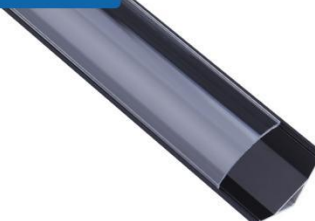

Black LED channel with milky white cover

V1SW BB

Black LED channel with smoky black cover

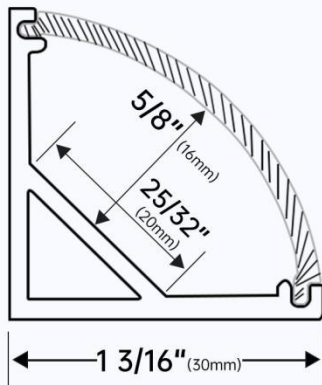

V1SW BT

Black LED channel with transparent cover

## V101 V-shape & Widened

- 90° corner installation
- Spotless effect
- Accommodate two LED strips
- High brightness

### ● Specification

Length: 3.3ft / 6.6ft

For LED strip width < 20mm (25/32")

Fit LED strip density  $\geq 60$  LEDs/m

V1SW WW

Silver LED channel with milky white cover

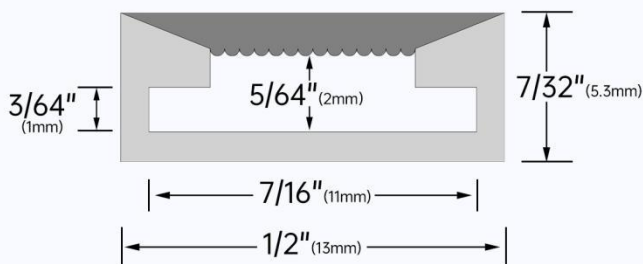

# 3

## Silicone LED channels

### USC1 - Shallow

- High brightness
- Slim design
- Flexible & Easy DIY
- IP67 waterproof

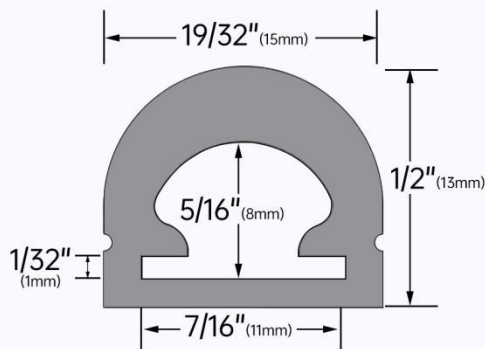

#### ● Specification

Length: 16.5ft (5m)

For LED strip width < 8mm (5/16")

### USC2 - Curved

- Diffuse light
- Flexible & Easy DIY
- IP67 waterproof

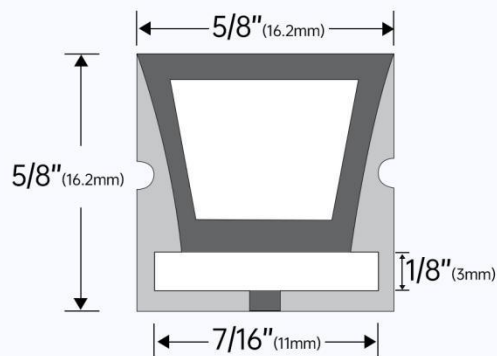

#### ● Specification

Length: 16.5ft (5m)

For LED strip width < 10mm (3/8")

## USC4 - Deepened

- Spotless effect
- Flexible & Easy DIY
- IP67 waterproof

### ● Specification

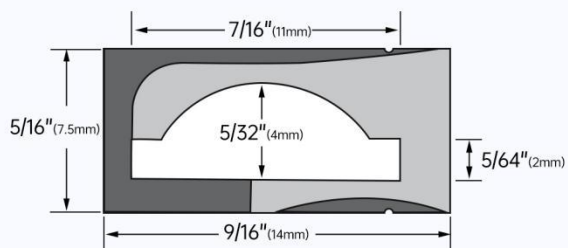

Length: 16.5ft (5m)

For LED strip width <  $10\text{mm}$  ( $3/8''$ )

Fit LED strip density  $\geq 60$  LEDs/m

## USC5 - Lateral

- Side lighting
- Flexible & Easy DIY
- IP67 waterproof

### ● Specification

Length: 16.5ft (5m)

For LED strip width <  $10\text{mm}$  ( $3/8''$ )

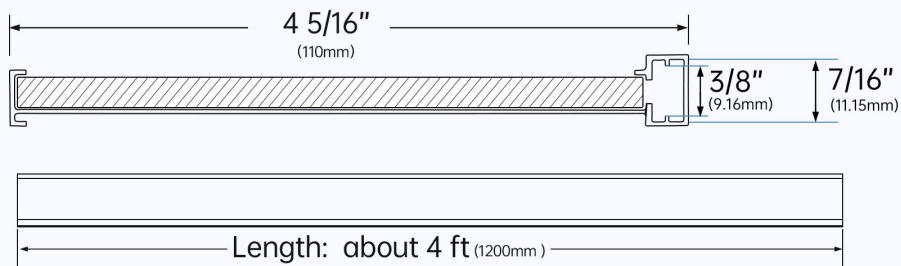

# 4

## LED neon light panels

### LC31 - 4" Wide panel

Aluminum channel with acrylic panel

- Easy DIY
- Colorful mood light
- Spotless neon effect

#### ● Specification

Length: 4ft

For LED strip width < 8mm (5/16")

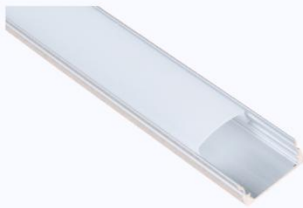

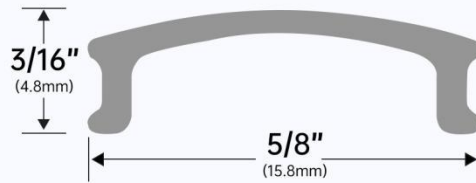

Fit LED strip density  $\geq 96$  LEDs/m

# 5

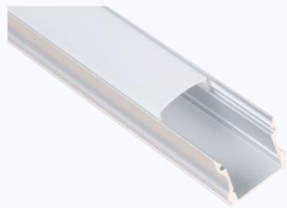

## Continuous LED covers

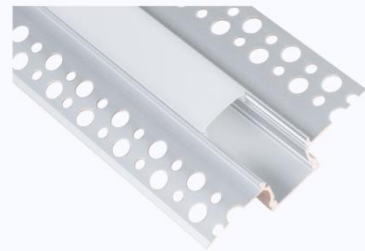

### LC03 - Fit LED channels U1SW/U101/U117

U1SW

U101

U117

LC03 WW - Milky white cover

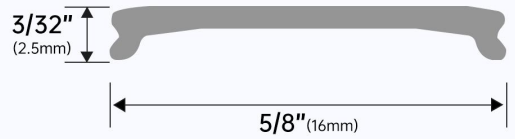

LC03 BB - Smoky black cover

LC03 TT - Transparent cover

# LC22 - Fit LED channels U102/U103

U102

U103

LC22 WW - Milky white cover

LC22 BB - Smoky black cover

LC22 TT - Transparent cover

# 6
