2024/2025

Your Source for Folding Tables and Folding Chairs

MWEB is a proud partner of the U.S. AbilityOne Program, and producer of SKILCRAFT® folding tables and folding chairs. Products and component parts are fully manufactured in the USA - specifically in Southwest Michigan.

MWEB's furniture is blow-molded and made of high-density material, providing contemporary beveled radius edged tops.

The polyethylene structures are reinforced with heavy-gauge, gray powder-coated steel hardware, which provides added strength and capacity.

This SKILCRAFT® design and build provides customers with a 30% less than standard (wood laminate) weight, greater capacity, and durability; while cross bracing fold allows for easy stowage and transport.

MWEB extends a 5-year limited warranty for each product.

Tables at Work

MWEB proudly supports our troops. The United State Military is MWEB's most frequent customer, as a result MWEB has supplied SKILCRAFT® tables to bases in all 50 states and to troops stationed in over 20 countries.

Tables at Play

SKILCRAFT® tables work well for events. Whether the need is a banquet, meeting, or special occasion SKILCRAFT® tables offer a reliable and convenient structure for setting up your next function.

ORDER

Orders can be placed by telephone, email, or online through GSA Advantage, AbilityOne.com, and mwebmi.com

BEYOND THE TABLE

In 1993, MWEB acquired 501(c)3 status, with the mission to provide employment opportunities for people who are blind and visually impaired. The founders of MWEB believed that by employing people who are blind, that these employees would achieve their potential and economic independence. In 1993, MWEB began a partnership with National Industries for the Blind (NIB). Through this partnership, MWEB has held numerous U.S. AbilityOne contracts, which allowed MWEB to carry out its mission. However, in July 2009, four products were added to the U.S. AbilityOne Procurement List, that would define MWEB as a U.S. AbilityOne producer. The 600lbs 4ft Platinum Table, 1200lbs 6ft Platinum Table, 1200lbs 8ft Platinum Table, and 4-pack Platinum Chairs assignments placed MWEB into the blow-molded furniture supply niche it exists in today.

Present-day, MWEB is a self-sustaining non-profit, that has grown dramatically from the two room, three employee team, it started as. Despite notable growth, MWEB continues to uphold its original mission. To those who carry MWEB products, and to those who purchase MWEB products, it is through these purchases that MWEB is able to continue to serve its mission and its employees. Thank you for helping MWEB give people with a visual impairment an opportunity to build a career, ultimately achieve independence, and move closer to equality.

Whether you are interested in working with MWEB on your next project, want to take a tour, or want more information about the SKILCRAFT® products MWEB produces, please reach out:

MWEB takes pride in being a participant of the U.S. AbilityOne Program, which provides a livelihood to nearly 37,000 individuals who are visually-impaired or have significant disabilities. The program employs approximately 2,500 veterans, including wounded warriors, and offers SKILCRAFT® products such as – Folding Tables and Folding Chairs – to government agencies.

U.S. AbilityOne Program Mission: To tap America's underutilized workforce of individuals who are blind or have significant disabilities to deliver high quality, mission-essential products and services to Federal agencies in quality employment opportunities.

U.S. AbilityOne Program Vision: Remain a trusted source of supply and services for Federal agencies while creating quality employment opportunities across all economic sectors for people who are blind or have significant disabilities.
