INSPIRATION > HANDLOOMED TEXTILES

Our products are made by local artisans in India, who use techniques of weaving, embroidery and dye-ing that have been passed down through hundreds of generations.

We pair modern design with traditional artistry to create beautiful products for everyday life.

MISSION > SENDING GIRLS TO SCHOOL

We give 10% of our sales to girls education programs in India. Here's why...

Educating girls is the most effective way to fight gender inequality. When a girl goes to school, she earns more money, has healthier children, and reinvests more in her family. An education changes her life, and the lives of generations to come.
