

# HOW TO MEASURE

This clothes' sizing chart will be your new BFF when shopping on Womance's website. You will find here the few steps to achieve your measurements and successfully find the best fit for you. With the help of our tape measure and following the instructions down below you will have your perfect sizing guide for clothes. Be sure to keep it in a safe place! We suggest you to take a picture with your cellphone to have it close when needed. The measurements will help you to choose the right size for any items on our website since they all have their own sizing charts below their description. It is important to understand that the sizing chart from an item to another is different since Womance works with various providers. For example, it is possible that the chart suggest medium for a certain kind of top but large for another... And this is the reason why this new tool becomes your new shopping bestie.

## 01

### SHOULDERS

*The ideal way to measure the shoulders' width is to do it with your favorite shirt. Take this shirt and measure it from seam to have the perfect fit.*

cm

## 02

### CHEST

*Measure under your arms around the fullest part of your chest while wearing your bra.*

cm

## 03

### BUST

*If you are shopping for a bra or a bralette we suggest you to measure around your bust as well which is right under your chest.*

cm

## 04

### WAIST

*Measure around the fullest part of your waistline.*

cm

## 05

### HIPS

*Measure around the fullest part of your hips.*

cm

## IMPORTANT NOTE (LIKE, SUPER IMPORTANT)

*The sizing charts below each item are different from piece to piece. Also, all the measures for each bodypart in the sizing charts are at its maximum to be sure that the clothes fit just like on our picture.*
