**Section 4. First Aid Measures**

- Swallowed:** DO NOT induce vomiting. Give plenty of water to drink. Get medical attention.
- Eye Contact:** Rinse with plenty of water for at least 15 minutes holding eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing. If symptoms persist seek medical attention.
- Skin Contact:** Wash skin with plenty of water. Remove contaminated clothing and wash before reuse.
- Inhalation:** Move victim to fresh air, if symptoms develop, seek medical advice.
- Symptoms caused by exposure:** May experience burning sensation, shortness of breath, headache, nausea and vomiting.
- Medical attention and special treatment:** No special treatment required. Treat symptomatically.

**Section 5. Fire Fighting Measures**

- Suitable extinguishing equipment:**  
Use extinguishing media suited to the materials that are burning; eg: dry chemical, CO<sub>2</sub> or water spray.
- Specific hazards arising from the chemical:**  
Small amounts of chlorine gas may be produced in the case of fire.
- Special protective equipment and precautions for fire fighters:**  
Firefighters should wear full protective clothing including self-contained breathing apparatus & chemical splash suit. Ensure no spillage enters drains or water courses. Remove from the vicinity containers not involved in the fire.

**Section 6. Accidental Release Measures**

- Personal precautions, protective equipment and emergency procedures:**  
Clean up spill promptly to avoid accidents. Wear protective equipment (see Section 8) to prevent skin & eye contamination & inhalation of mists and vapours. Stop leak if safe to do so. Ensure adequate ventilation.
- Environmental precautions:**  
Do not wash into drains. If contamination of sewers or waterways has occurred, advise local emergency services.
- Methods and materials for containment and cleaning up:**  
For small spills contain using sand or soil - prevent run off into drains or waterways. For large spills notify Emergency Services.

**Section 7. Handling and Storage**

- Precautions for safe handling:**  
Avoid contact with the skin and the eyes. When using, do not eat, drink or smoke. Wash thoroughly after handling. Wash contaminated clothing before reuse. Do not mix with acids.
- Conditions for safe storage, including incompatibilities**  
Store in a cool, well ventilated place out of direct sunlight. Store away from strong acids and strong oxidisers. Keep containers closed at all times - check regularly for spills.

**Section 8. Exposure Controls and Personal Protection**

**National Exposure Standards:** An occupational exposure standard (OEL) has not been established for the product. The following components have been listed with an OEL as per Safe Work Australia - Workplace Exposure Standards for Airborne Contaminants.

Ingredient Name	CAS No	TWA (ppm)	TWA (mg/m <sup>3</sup> )	STEL (ppm)	STEL (mg/m <sup>3</sup> )
