**CHECK CONTENTS MATCH ABOVE**

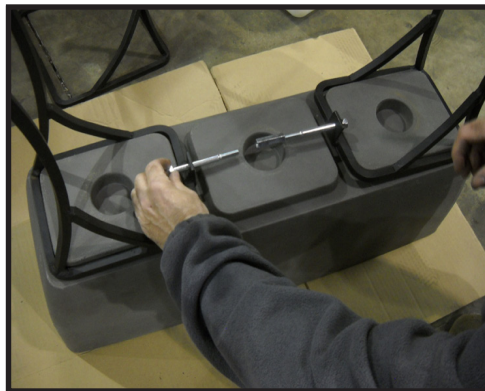

**Tools required (NOT Supplied) :**  
**One ratchet with 9/16" socket**  
**One 9/16" wrench**

**1. With the planter upside down, place the first leg on the planter. Ensure the leg is pushed down and secured under the mounting lip, and repeat for 2nd leg.**

**2. Place a washer on each bolt and slide bolt into opening of leg as shown above.**

**3. Repeat step 2 with other leg.**

**4. Screw on the connector nut between the 2 bolts.**

**5. Using a 9/16" wrench and ratchet, tighten the first bolt as show, ensure not to over tighten the bolts.**

**6. Repeat step 5 on 2nd bolt, assembly should now be rigid and secure.**

**9. Completed assembly. Fill the planter with soil and plants.**
