RECT 13, 14, & 16

SERIES WARNING LIGHTS

RECT 13, 14 AND 16 LIGHTHEADS

TOMAR's dual mode RECT 13, 14, and 16 Series is a low profile and a high intensity LED warning light! They are made of optical Lexan and hermetically sealed, and their fit anywhere design makes installation a breeze. They're some of the smallest warning lights on the market to meet SAE J845, SAE J595 and CAL Title 13 specifications. The compact size of the RECT-13, 14 & 16 make them perfect auxiliary lights for all the hard to fit locations. Mount directly to the body, the rear view mirror, grille or the license plate. A complete line of brackets, means you can mount this light practically anywhere.

3.75" x 1.2" x .7"

4.5" x 1.2" x .7"

6.125" x 1.2" x .7"
