TOMAR

ILED™ SERIES

SINGLE COLOR AND DUAL & TRI COLOR MULTI MODAL FUNCTIONALITY

INTELLIGENT PERFORMANCE

WARNING

Safely traversing through busy intersections is a bold move and your lighting should be just as bold! The iLED™ effectively provides single, dual and tri color options for your response including on scene safety! Whether on a push bumper, license plate bracket, or anywhere else on the vehicle, the iLED™ will provide an element of safety! The iLED™ includes a black or chrome bezel for a finished and professional look. It also makes the installation easy!

ILLUMINATION

The iLED dual & Tri color are multi modal with a work/scene light override feature. Optimize your scene illumination by using the illumination function as an incredible alley, takedown, or general flood lighting to illuminate areas that would not have been illuminated before! We will give you the lighting you need to keep you and your community safe.

INTELLIGENT DESIGN

Take control of each color with the ability to program up to 3 separate warning modes that you can have correspond to your primary warning with the iLED™. Each mode has the ability to incorporate single, dual, or tri color functions with the built in scene/work/alley override. Utilizing our patented sealing technology, your lamp will be waterproof and the light directed where you want it without the need for additional bracketry. (US patent no. 8282242 & 8092044)

The TOMAR iLED™ series dominates safety with warning, illumination, and design! The iLED™ series delivers unprecedented functionality in an extremely rugged platform unlike anything else in the industry. It provides the best option to keep you and your team safe, even in the worst lighting conditions. Adaptable for a variety of applications from POVs to tactical vehicles. Respond to and Illuminate the scene with the brightest of lights to provide your team with an Envelope of Safety™.

ORDER OPTIONS

HORIZONTAL
Horizontal mount incorporates a wideangle footprint bound to get the attention of motorists

VERTICAL
Our engineers designed a wide angle vertical optic that has an output similar to a horizontal lens

HORIZONTAL 13
Horizontal lensed to direct light down at 13 degrees. No angled brackets required!

VERTICAL 13
Vertical lensed to direct light forward at 13 degrees. No angled brackets required!

SINGLE COLOR

Phase 0   Color Selection: A, B, G, R, W

RECT-SSH-x	Single smart horizontal, clear lens
RECT-SSH-Cx	Single smart horizontal, color lens
RECT-SSV-x	Single smart vertical, clear lens
RECT-SSV-Cx	Single smart vertical, color lens

Phase 1   Color Selection: A, B, G, R, W

RECT-SSH-x-1	Single smart horizontal, clear lens
RECT-SSH-Cx-1	Single smart horizontal, color lens
RECT-SSV-x-1	Single smart vertical, clear lens
RECT-SSV-Cx-1	Single smart vertical, color lens

DUAL COLOR   Color Selection: A, B, G, R, W

RSDH-XX	12 LED Dual Color Horizontal mount lamp
RSDH13-XX	12 LED Dual Color Horizontal 13 degree angled lamp
RSDV-XX	12 LED Dual Color Vertical mount lamp
RSDV13-XX	12 LED Dual Color Vertical 13 degree angled lamp

INCLUDED:

- Black or Chrome surface mount bezels
- 5 Year No Hassle Warranty
- Patented Waterproof Design
- SAE and CA 13 Compliant
- Programmable Patterns and Flash Rates
- Sync with other TOMAR products
- Program up to 3 different warning modes
- Programmable single color override

TRI COLOR   Color Selection: A, B, G, R, W

RSTH-XXX	18 LED Tri Color Horizontal mount lamp
RSTH13-XXX	18 LED Tri Color Horizontal 13 degree angled lamp
RSTV-XXX	18 LED Tri Color Vertical mount lamp
RSTV13-XXX	18 LED Tri Color Vertical 13 degree angled lamp

LICENSE PLATE MOUNTS   PIU models available from 2015 - 2020+ and Tahoe models available from 2015 - 2020+.

PIU/TAH-LP-D970H-XX	Ford PIU/Chev Tahoe License Plate Mount w/ 2 Dual Color iLEDTM Horizontal Lamps
PIU/TAH-LP-D970V-XX	Ford PIU/Chev Tahoe License Plate Mount w/ 2 Dual Color iLEDTM Horizontal Lamps
PIU/TAH-LP-T970H-XXX	Ford PIU/Chev Tahoe License Plate Mount w/ 2 Tri Color iLEDTM Horizontal Lamps
PIU/TAH-LP-T970V-XXX	Ford PIU/Chev Tahoe License Plate Mount w/ 2 Tri Color iLEDTM Vertical Lamps
