

**WC2200 12V Pulse Charger****World Version Plus****Part #:** 746X725**Model #:** WC2200**NSN:** 6130-01-477-4703**USMC NSN:** 6130-01-618-4572**Description:**

The Pulse Charger World Version Plus recovers and charges any 12-Volt lead-acid battery including VRLA, AGM, gel and flooded cell. It uses either 110- or 220-Volt AC power and can be used anywhere in the world. This state-of-the-art recovery charger has a voltage regulated microprocessor that constantly monitors the battery and adjusts the charge current accordingly. It is completely safe with no danger of overheating or overcharging the battery.

Patented Pulse Technology removes sulfation buildup on the battery plates. This allows more energy to be stored within the battery, improving battery performance and extending battery life up to 3 times. One-switch operation and colored LED indicators simplify operation and minimize operator training requirements. Unit comes in a portable, heavy duty case.

**Specifications:**

<b>Input Electrical</b>	110-240 VAC
<b>Input Electrical</b>	3 Amps @ 100 VAC
<b>Output Electrical</b>	16 Amps
<b>Enclosure Dimensions</b>	14.2" x 11.5" x 6.5"
<b>Operating Temperatures</b>	0°F - 130°F (-18°C - 54°C)
<b>Leads</b>	6 feet
<b>Weight</b>	11.1 lbs
