

A photograph of a window with light-colored, textured curtains. The curtains are slightly wrinkled and have a scalloped top edge. A dark green plant is visible in the bottom left corner, partially obscuring the curtain. The overall lighting is soft and natural, suggesting daylight coming through the window.

SIMPE BRASS STYLE RECESS POLE

East London Cloth simple brass style cafe poles allow the option of a recess fit, where a face fit bracket would not work.

Our simple brass poles kits comprise of a brass style tube, complete with a set of brass style recess brackets and matching screws.

Our recess poles are available in standard widths of 50cm, 75cm, 100cm, 110cm (width inclusive of brackets) ready to cut to your preferred size.

- To ensure the perfect fit and avoid measuring mistakes, have a competent person cut the poles to size on site. We recommend using a hacksaw or angle grinder.
- Please note; our poles are supplied with PZ2 wood screws
