## FIRST-OF-ITS KIND

Cosentino debuts groundbreaking Capsule Collection, a fusion of innovative design and sustainability. Crafted by five regional design pioneers, Nadine Kansa, Omar Nakkash, Rabah Saeid, Omar Al Gurg, Styled Habitat, and Thomas Trad, the collection showcases the versatility of Cosentino's 4mm Dekton Slim. It is the first-of-its kind Dekton furniture line. From a rocking chair to a series of vases, each piece reflects the designers' unique styles. Dubai-based Cherwell brings these designs to life, reflecting a blend of innovation and craftsmanship. This collaboration marks a bold step forward in redefining contemporary furniture design.
