---

Inspired by the vast beauty of the surrounding Australian landscape, our Seasons Form collection is an exquisite balance of sophistication and serenity.

Seasons have intertwined to influence an elegant, earthy palette where rich meets muted. A warm yet casual elegance is defined through feminine forms crafted from solid teak and mahogany, refined with leather and brass accents.

Our values of quality and craftsmanship have been transformed onto sculptural silhouettes that are contemporary and evoke a sense of calm and tranquility. A modern update to retreat living.

# EARTHY ALLURE

Burnt orange tones marry with golden accents and rich timbers to create a strikingly bold palette which is warm and earthy.

Naturally inspired, tactile finishes like smooth leathers, lustrous rugs, and roughly textured sculptural pieces deliver a sense of rugged refinement.

# SLEEK FLUIDITY

With its stunning starburst oak veneer tabletop, the Aldo Dining Table distinguishes itself through sleek fluidity.

Grounded by a tapered stainless steel pedestal base finished in brass, this opulent dining table works well with the clean lines and contemporary style of the Mikado Dining Chair.

The chair is positioned in a rustic interior setting, featuring a stone fireplace wall and a stack of firewood in the background. The floor is made of large, light-colored stone tiles. The lighting is soft, highlighting the texture of the leather and the natural stone.
