

ISUN

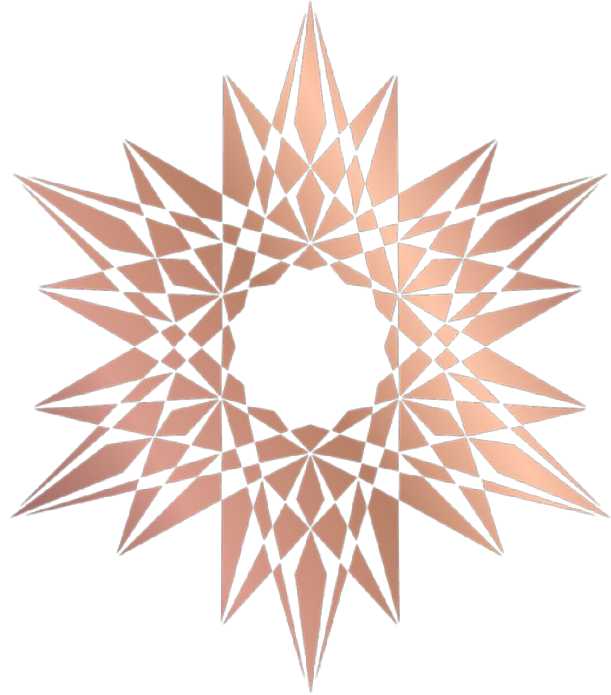

*welcome to your journey*

# ISUN *I am a sun... eternal life... eternal beauty*

The sun is natural light in its purest form and has been celebrated throughout the history of humanity. We are all connected as one collective by the sun and its ability to create and sustain life in our natural world. Through our inimitable manufacturing methods, we are able to benefit from the sun's divine force with life and integrity, keeping our skincare alive and ageless.

## ISUN Symbolism

*Our brand logo is an extension of who we are:*

- The sun, at its center, reflects our intention to work in harmony with the natural world and a reminder that eternal beauty comes from within.
- The sun's rays emerge from our light, echoing our love and luminosity for others.
- We hope that through the use of our products and understanding of our ethos, we encourage others in our community to pay it forward; to express their love and light outwards.

# how ISUN was born

*Founder Bunnie Gulick*

- A formal background in clinical nutrition
- Educated in botanical chemistry specializing in skin care
- More than 20 years' experience developing skincare for others
- With an intuitive mind and open heart to helping humanity and our planet in whatever way she could - ISUN was born

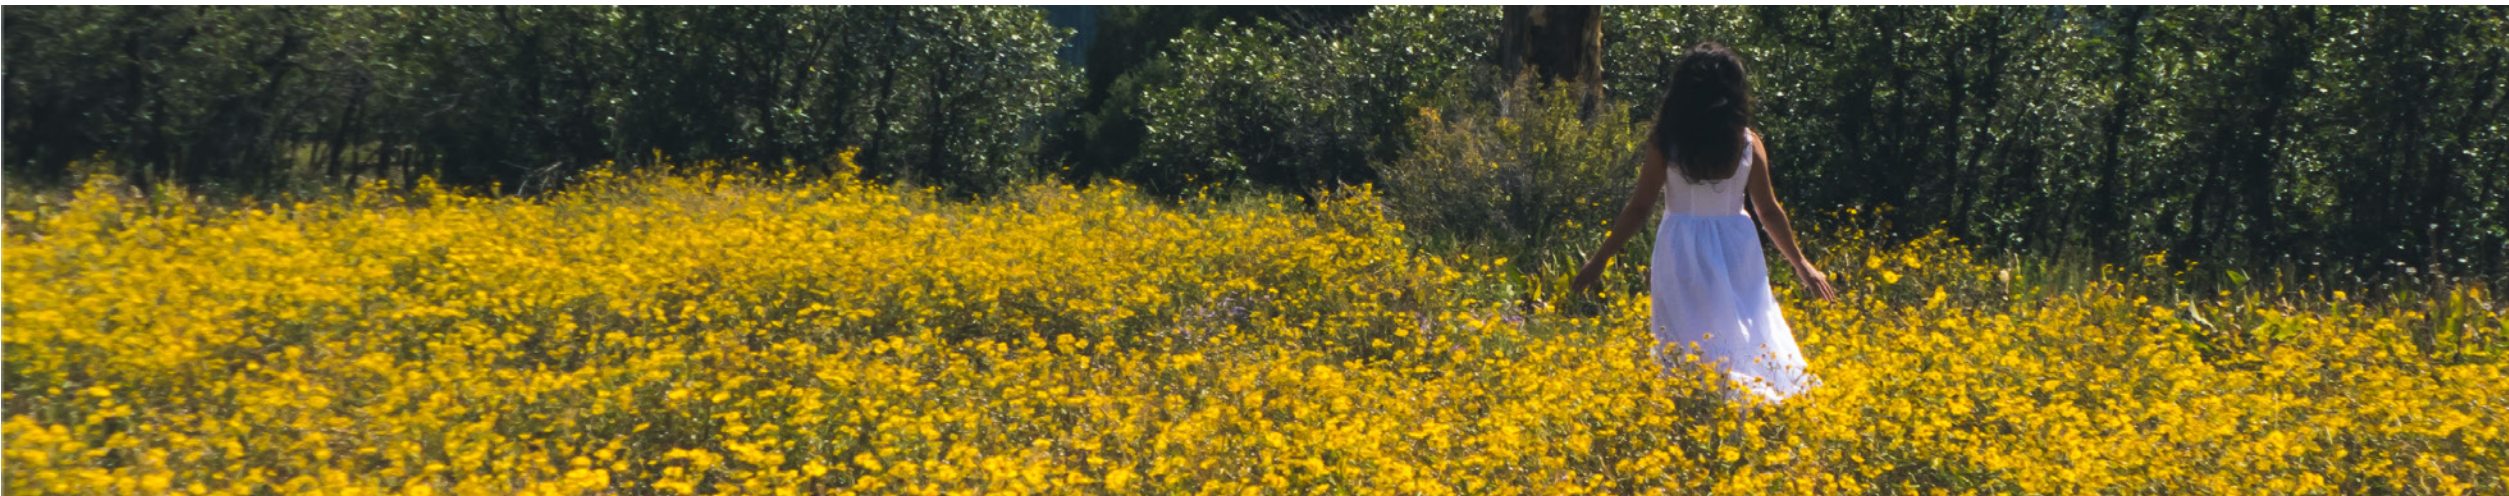

# guiding principles

*Wisdom, Harmony, Understanding*

*Do No Harm*

## user

We do not harm the user of our products.

Our skincare line does not contain any ingredients that have hidden harmful effects. They incorporate pure, healing ingredients that encourage optimum wellbeing for the body, the skin and the soul.

## source

We do not harm indigenous groups or individuals we source from.

Our formulation ingredients are purchased in fair trade

- no child labor
- fair paid wages
- Support local community

## eco

We do not harm the ecological environment.

ISUN product ingredients are sourced from sustainable harvesting practices that support a healthy natural diverse environment.

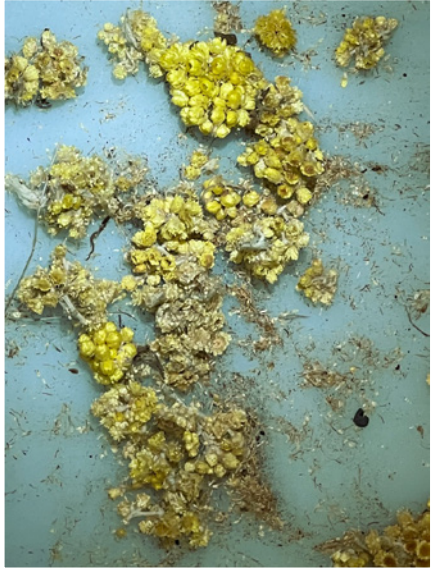

Focus on wild-crafted plants with high life-force energy.

## animals

We do not harm animals.

Our products are never tested on animals, and our global sources support the respect and protection of animals and their ecosystems.

ALIVE & AGELESS

## the seed intention

Made with  
pure ingredients

Free from  
harmful chemicals

Sustainable  
ingredients  
and responsibly  
sourced

Supports total  
wellbeing - mind,  
body & spirit.

ISUN is cruelty free

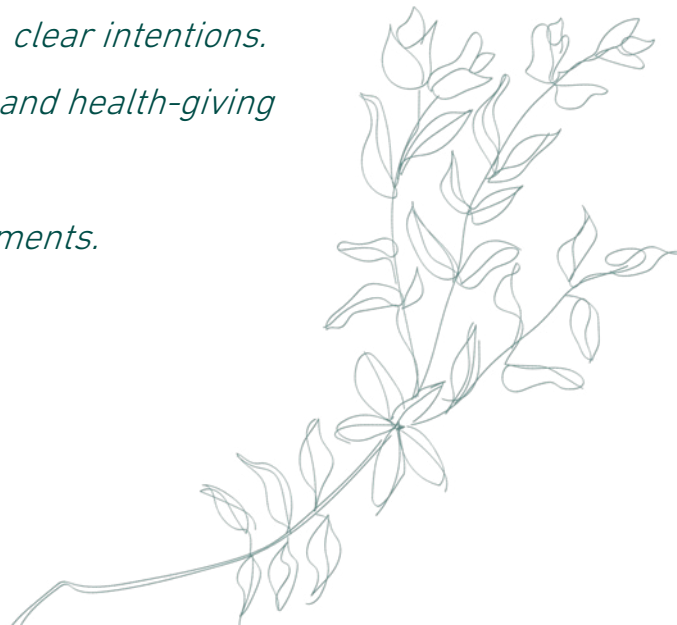

# quantum healing effect

*Support overall physical & emotional health*

Our skincare collection has been specifically created to encourage The Quantum Healing effect: supporting your total wellbeing through mind, body and spirit. Imparting a sense of balance, vitality, inner light and an open heart. This healing effect is achieved with products that are:

- *created from inception with positive, clear intentions.*
- *made from pure, unadulterated, life and health-giving ingredients.*
- *crafted with living, high life force elements.*

# unique alchemy

*Handcrafted in the Mountains of Colorado*

We formulate, manufacture and package our products by hand in the pristine San Juan mountains of Colorado

No manufacturing process is outsourced

# herbal oil infusions

Our unique process for making herbal oils and extracts are key to ISUN products extraordinary activity and regeneration in skin.

The blend of herbs selected for each product is done in a conscious selective way that considers several factors:

- *Purpose and desired benefits scientific and clinical*
- *Research that has proven results*
- *Traditional uses of the herbs*
- *The compatibility and synergy of the herbs*
- *Cold process manufacturing*

## raising the vibration

The whole-body experience is elevated by infusing gemstone energy into our working practice, ingredients, and selected products. Crystals correspond naturally to the electromagnetic fields of the earth; therefore, the body's unique molecular structure physically receives the light vibrations of a gemstone that activate at different frequencies.

- *Crystal technologies are used for the development of electronic systems*
- *Crystals are capable of amplifying and directing the natural energies of the healer/therapist.*

Pro: 480ml PET jar / Gallon Pail

# face & body mists

Ormus Myst

Soothing Sapphire *Soothing Relief*

Rose Tonic *Rose Cucumber*

## *Ormus*

~ *Water of high altitude springs is said to be rich in super-conducting single atoms of gold, platinum and other precious metals in a rare liquid state. Collectively, these atoms are called 'ormus'. It is believed that the high-spin, superconductive nature of ormus creates a harmonious flow of communication in the structures of our body, mind and spirit.*

# Ormus Myst

FACE & BODY MIST | All Skin Types

## Key Ingredients:

- High altitude Colorado spring water
- Rose
- Jasmine
- Frankincense
- Quartz crystal

## Benefits:

- Uplifts emotions
- Harmonizes with skin
- Embedded crystal holds healing intentions
- Rose-Frankincense aroma

*The creation of Ormus Myst begins with a trek by our ISUN team to harvest the pristine water from the source of a lively spring gushing out of a mountainside at 9,600ft.*

*In our lab, the water is re-energised as it's transferred to mixing vessels holding gemstones believed to impart their healing properties into the water as it is vortexed in a magnetic field with sacred sound vibrations. Elevating essential oils are infused into spiralling water as we hold our intention for the mist to impart the subtle energies of Love, Peace & Joy.*

Retail: 50ml miron glass bottle  
Pro: 200ml miron glass bottle

# Soothing Sapphire

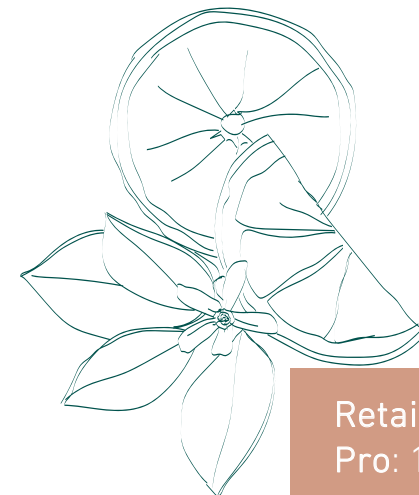

FACE & BODY MIST | All Skin Types
