Klaes & Myra's recognizes its obligation to ensure that suppliers are operating ethically.

We expect our suppliers to consistently provide an environment which protects their employees' health and safety and basic human rights. All suppliers are expected to comply with European laws and regulations. We therefore produce solely within Europe with one exception though being COC/CSR complaint factory in India which does production for Scandinavian ethical brands too.

Besides the fact that COC/CSR factories are monitored and checked closely by independent surveyors, this company works with GOTS, BCI and FAIRTRADE products, meaning they are compelled to the highest ethical and environmental rules. Although Klaes & Myra's continually grow it recognises the importance of being proactive and doing everything within its power to support the environment and the rights of those involved in the manufacture of its goods..
