Appearance & Interface Description:

1. Battery Status Indicator LED
2. Power Button
3. USB Charging Cable
4. Lightning connector
5. Wire Casing
6. Leather Case

Operation Instructions:

1. Charging Dash.Mini

Connect the USB charging cable to a 110/220V AC power supply with 5V power adapter or computer USB port. The battery status indicator LED starts flashing from right to left to indicate the level of charge. When all the four LEDs light up, Dash.Mini is fully charged. The whole charging process takes around 6.5 hours.

2. Charging iPad mini using Dash.Mini

Place your iPad mini in the case and connect the Lightning connector cable to your iPad mini. Long press the power button to begin charging your iPad mini. The battery status indicator LED will flicker to indicate remaining charge available in Dash.Mini.

3. Battery Status Indicator LED:

Short click the power button to indicate the charge remaining in the case. The Battery Status Indicator LED's turn "On" depending upon the charge remaining. Refer to the table below for more information:

Number of Battery Status Indicator LED flashing	1	2	3	4
Meaning	25%	50%	75%	100%
