In the book PACKS you can find many different species from all over the world that work together in groups. Can you think of any other animals that work together in your neighborhood, city or state? Why do you think they work together? If you can’t think of any, take time with an adult to investigate and look it up! Maybe you can find out a surprising fact about a type of animal you know.

Can you think of any animals that work together between species?

What is your favorite activity to do with others?

Draw a picture of a group doing your favorite activity. It can be realistic or silly, of humans, non-humans, or all different types of creatures together!
