! WARNING

IMPORTANT - READ CAREFULLY AND KEEP FOR FUTURE REFERENCE. The child's safety may be affected if you do not follow these instructions.

Read the Safety manual for Thule Strollers and Bicycle Trailers before use and keep for future reference.

Maintenance

Keeping this Thule child carrier clean and well maintained is an important factor in keeping it in good condition.

It is highly recommended that you take your child carrier to an authorized service provider once a year to keep it in the best possible condition.

Regularly inspect your Thule child carrier and accessories for damage and signs of wear:

- Check metal components for any dents or cracks. Do not use the child carrier if any metal components are cracked or damaged.
- Examine the child carrier to see if any of the fasteners are bent, broken, missing or loose. Tighten any loose fasteners and replace any damaged or missing fasteners.

- Examine the fabric regularly for tears, worn spots or any other signs of damage.

Regularly clean the child carrier with warm water and a mild soapy solution. Never use harsh cleansers or solvents.

Clean the wheel axles and apply grease or oil to all exposed moving parts. Have the wheels inspected and serviced at least once a year.

Store your child carrier and accessories in a dry area out of direct sunlight.

Before storing your child carrier, it should be dry to prevent the growth of mold or bacteria.

Accessories

Thule offers several accessories that are compatible with your child carrier. Contact your local dealer or visit www.thule.com for more information.

⚠️ AVERTISSEMENT

IMPORTANT - LISEZ ATTENTIVEMENT CES INSTRUCTIONS ET CONSERVEZ-LES POUR RÉFÉRENCE ULTÉRIEURE. Leur non-respect pourrait compromettre la sécurité de votre enfant.

Lisez le manuel de sécurité des poussettes et remorques de bicyclette Thule avant de les utiliser et conservez-le pour référence ultérieure.

Entretien

Pour maintenir la remorque pour enfant Thule en bon état, il est important de la garder propre et de bien l'entretenir.

Il est fortement recommandé d'apporter la remorque pour enfant dans un centre de services autorisé une fois par an afin de la maintenir dans le meilleur état possible.

Inspectez régulièrement votre remorque pour enfant Thule et les accessoires pour vous assurer qu'ils ne montrent aucun signe de détérioration ou d'usure :

- Vérifiez que les pièces métalliques ne sont ni bosselées ni fissurées. N'utilisez pas la remorque pour enfant si les pièces métalliques sont fissurées ou endommagées.

- Examinez les attaches de la remorque pour enfant afin de vous assurer qu'elles ne soient ni pliées ou brisées, ni manquantes ou desserrées. Resserrez les attaches desserrées et remplacez celles qui sont endommagées ou manquantes.
- Vérifiez régulièrement que le tissu ne présente pas de déchirures, d'usure ni d'autres signes de détérioration.

Nettoyez régulièrement la remorque pour enfant avec de l'eau tiède et un savon doux. N'utilisez jamais de détergents puissants ni de solvants.

Nettoyez les essieux de roue et appliquez de la graisse ou de l'huile sur les pièces mobiles visibles. Les roues doivent être inspectées et entretenues au moins une fois par an.

Rangez votre remorque pour enfant et vos accessoires dans un endroit sec à l'abri de la lumière directe du soleil.

Avant le rangement, votre remorque pour enfant doit être sèche afin d'éviter le développement de moisissures ou de bactéries.
