BLADE LEATHER WALL SCONCE

Designed by nature, the Blade wall sconce celebrates the form of leaves and petals in the abundant tropical foliage found in KwaZulu-Natal, South Africa. Xavier Clarisse has translated these classic natural shapes into elegant sculptural pieces. Conceived and handmade in their Durban, South Africa studio, each piece is crafted from quality, locally sourced, vegetable tanned leather. The sconce features leather that the artist has treated using a specially developed technique to strengthen the material and ensure its durability while the dyes and finishing products are internationally certified and free from harmful substances. The leather is embossed to achieve a sculpted and perforated form using a traditional press and folded to create its leaf-like shape.

All hard-wired lighting is UL-listed for dry locations. Not suitable for outdoor use. Designed to mount facing up or down.

MATERIALS AND CONSTRUCTION

Hand embossed leather
Polished brass

DIMENSIONS

7" W x 25" H

BACKPLATE

4.7" Dia.
Powder coated

WEIGHT

Approximately 4 LBS

BULB SPECIFICATION (BULBS NOT INCLUDED)

Teal

Clarisse Design uses only full-grain, vegetable tanned leathers in the production of their handcrafted designs. This specific type of leather has been chosen for its physical attributes of thickness, durability and the ability to be shaped.

A full-grain piece of leather has the entire grain visible on one side. Except for the removal of the hair, the surface remains untouched. Natural imperfections like scars, blemishes, insect bites, branding and stretch marks may be present in this leather. These natural imperfections should not be regarded as defects and are a feature of this first-quality leather.

SPECS

7" W X 25" H

SHIPPING AND DELIVERY

- Black/Gold & Bone/Gold stock supported and available for immediate delivery
- Back-order / Special-order items available for domestic shipping 12-14 weeks from receipt of deposit
- Ships via FedEx Ground

INSTALLATION AND CARE

- Sconce arrives ready to hang hardwired into standard 4" x 4" junction box in wall.
- Leather is a natural product and is therefore susceptible to fading if exposed to direct sunlight or moisture.
- Refer to installation instructions for full details.
