POLISHED KUDU HORN SINGLE-TWIST STANDING LAMP

Handcrafted in Cape Town, South Africa, this naturally elegant floor lamp features two inverted polished African Kudu horns encircling a brass rod that appear to be suspended above the wooden base, which is wrapped in top-stitched embossed leather. A shade of your choice completes this design. All hide and horn has been sustainably sourced as an agricultural byproduct.

Due to the use of natural materials, each piece is unique and may vary slightly from image shown. All standing lamps are constructed with UL-Listed electrical components.
