SHANDUKO BEADED POD PENDANT

Translated from the Shona language, Shanduko means to change or morph. Drawing inspiration from nature's own cocoon shape, the Shanduko Pendant features over one thousand hand-strung Imfibinga seeds. Imfibinga seeds (Coix lacryma-jobi) also known as Zulu Teething Beads, derived from a tall grain-bearing perennial tropical grass.

All hard-wired lighting is UL-listed for dry locations. Not suitable for outdoor use.
Due to the use of natural materials, each piece is unique and may vary slightly from image shown.
