THANDA LIMITED EDITION SOFA

Every Ardmore creation is made with love, and our limited-edition Thanda Sofa is no exception to this rule. The matt black linen fabric and Pangolin Park design combine to create a unique statement piece, which combines contemporary French styling and African design elements. Only 40 examples of this remarkable piece of furniture will be made, making it a collector's item as rare as true love itself.

Inspired by the works of Ardmore Ceramic Art, the various elements were curated and laid out by our design team and then hand painted by Ardmore artist Sidney Nyabeze.
