# Your Journey, Our Journey: Celebrating 36 Years Together

In our 36th year at Orion Trading and Design, we reflect on our journey, ignited by our very first customer, the Hyatt Regency Scottsdale. Adorning their Grand Lobby with Orion's recycled blown glassware, Bill, the visionary general manager, proclaimed, 'Our guests will cherish this glassware long after their stay.'

From this vision of distinctive, artistic, and functional glassware, Orion has evolved into a signature design and sourcing entity in the tabletop industry. Our offerings embrace authentic craftsmanship and artisanal-infused products, enhancing your bar, culinary, hotel, and dining experiences.

Expanding beyond our origins, we now showcase award-winning designs in stainless steel, hand-hammered copper, artisanal ironware, studio stoneware, and unique finishes that redefine hospitality. With production studios across the globe, we're equipped to fulfill custom orders of all sizes. We deeply value the relationships we've cultivated and eagerly anticipate the years ahead, continuing our joyful and successful journey with you.
