At the end of the **PART TWO** webinar, participants will be able to:

- Identify and discuss SMHP concepts, strategies and material use in a variety of treatment models
- Describe how SMHP can be implemented in a push-in contextual collaborative setting, pullout therapeutic intervention, a stand-alone curriculum, center activity, home program, or handwriting club
- Explain key features and applications of the Written Language Production Standards, especially as they could be used in conjunction with SMHP

Participants will be e-mailed a Go-to-Webinar channel which includes the slideshow, a link to the handout, the 10-question multiple choice posttest, and a course evaluation.

Size Matters!

Dr. Beverly Moskowitz is a nationally recognized speaker with 47+ years of experience as an Occupational Therapist. As a school therapist, she serviced more than fifteen school districts, visiting over 60 different schools. Author of multiple publications, she strives to teach other therapists how to implement AOTA best practices, time-saving strategies and progressive IDEA ideals while 'keeping the fun going.'

A creative entrepreneur, determined researcher and tireless professional, she is also the author of The Size Matters Handwriting Program. Currently used in every state and 4 continents, its concept-driven approach to teaching and remediating handwriting has been proven effective at a .001 level of significance in the largest research study ever done on handwriting. In a 2018 comparison of Effect Sizes among nine handwriting programs, SMHP was concluded to be best for legibility.

In 2010, Bev launched Real OT Solutions, Inc. Its mission, as both a product and education business, is to provide therapists, teachers, parents, and kids, with **Effective, Efficient, Affordable and Fun** solutions to school needs. In 2015, she was recognized for her professional contributions and inducted as a Fellow into the American Occupational Therapy Association.
