

SMHP Webinar: PART THREE

Beverly H. Moskowitz, DOT MS OTR/L FAOTA

The **Size Matters Handwriting Program** is the first handwriting instructional program that is fully embeddable, measurable and proven. It is easy to learn, implement and collect data. **SMHP** is a strong partner in Response to Intervention, a valued companion to core curriculum already rich with content, and bottom line... affordable.

.2 CEUs instruction + posttest

At the end of the **PART THREE** webinar, participants will be able to:

- Reference theories supporting SMHP's effectiveness building student buy-in, teacher follow through, competence, and motivation.
- Identify SMHP concepts, strategies, and materials to use with at-risk students at a Tier 1, 2, or 3 level of intervention (e.g., RTI, MTSS, I&RS, etc.)
- Describe unique features of SMHP's data collection tools for screening, assessment, and progress monitoring.
- Discuss Specially Designed Instruction (SDI), including Scope & Content and Presentation/Accommodations, and what not to get hung up on for students with learning or sensory differences.

Participants will be e-mailed a Go-to-Webinar channel which includes the slideshow, a link to the handout, the 10-question multiple choice posttest, and a course evaluation.

EDUCATION: SMHP Webinar series: PART THREE

Dr. Beverly Moskowitz is a nationally recognized speaker with 47+ years of experience as an Occupational Therapist. As a school therapist, she serviced more than fifteen school districts, visiting over 60 different schools. Author of multiple publications, she strives to teach other therapists how to implement AOTA best practices, time-saving strategies and progressive IDEA ideals while 'keeping the fun going.'

A creative entrepreneur, determined researcher and tireless professional, she is also the author of The Size Matters Handwriting Program. Currently used in every state and 4 continents, its concept-driven approach to teaching and remediating handwriting has been proven effective at a .001 level of significance in the largest research study ever done on handwriting. In a 2018 comparison of Effect Sizes among nine handwriting programs, SMHP was concluded to be best for legibility.

In 2010, Bev launched Real OT Solutions, Inc. Its mission, as both a product and education business, is to provide therapists, teachers, parents, and kids, with **Effective, Efficient, Affordable and Fun** solutions to school needs. In 2015, she was recognized for her professional contributions and inducted as a Fellow into the American Occupational Therapy Association.
