Flax

Based on the long slender leaves of the indigenous flax plant or harakeke in Māori that has long been grown for its valuable fibre. Flax Pendant is based on the long slender leaves of the indigenous flax plant or harakeke in Maori that has long been grown for its valuable fibre. There is a Maori proverb about preserving important resources: If you cut the central stalk of the flax bush, where will the bellbird feed? Flax comes in 2 sizes. The plywood finish can be all natural or painted on one side thus creating a stock selection of 11 options. The shallow form lends itself to lower ceiling spaces.

Features

Shipped Kitset

Seed System kitset lightshades are on average 1/30th of the volume of the assembled light. This aims to help minimize the effects of shipping and to reduce the design's environmental footprint.

Light sizes

David Trubridge kitset lightshades come in various sizes, making it easy to find the right size to any interior space whether it's small or large.

Compliance

CE (IEC 60598.2.1 Ed 1.1 IEC 60598.1 Ed 8.0)
AS/NZS (AS/NZS 60598.2.1)

Note: UL/cUL certified cordsets are supplied within the North American market sourced from UL/cUL manufacturers.

EPD Certified

An EPD is a standardised and verified way of quantifying the environmental impacts of a product, based on a consistent set of rules that have been developed through a stakeholder consultation process.

Care Instructions

All wooden and/or polycarbonate lights are intended for use in dry interior conditions only and can be cleaned with a soft cloth dampened slighty in warm soapy water when the light is switched off. Do not use detergents.

Warranty

This light is warranted for three years from date of purchase for failure of parts.

Technical Data

	800mm/31"	1500mm/59"
Dimensions	Width: 800mm / 31" Height: 220mm / 9" Weight: 1.5kg / 3.30lb	Width: 1500mm / 59" Height: 325mm / 13" Weight: 7kg / 15.4lb
Cordset*	2m / 6.5ft	5m / 16.4ft
Material	Bamboo plywood (Sourced from FSC accredited factory)	Bamboo plywood (Sourced from FSC accredited factory)
Fasteners	Nylon	Nylon
Suspension	Hangs on cord	3 x Suspension Wires
Packaging	460mm x 360mm x 80mm 18" x 14" x 3" 0.013m³ / 0.460ft³ 2.1kg / 4.63lb	710mm x 580mm x 180mm 28" x 23" x 7" 0.059m³ / 2.083ft³ 9.5kg / 20.94lb

*Black comes with black cordset and fasteners. All others come with white cordset and clear fasteners. Custom lengths available on request.

Installation 1500mm/59"

You will need

Fixings for cone gripper (fixing screws NOT SUPPLIED).
Note: Choose appropriate hardware to attach base plate (Fig.1) to ceiling substrate.

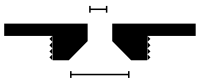

Fig 1. Base Plate

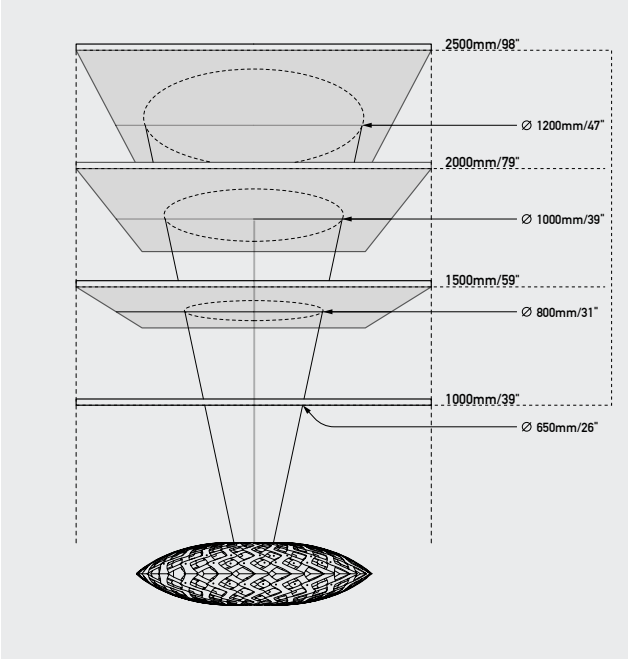
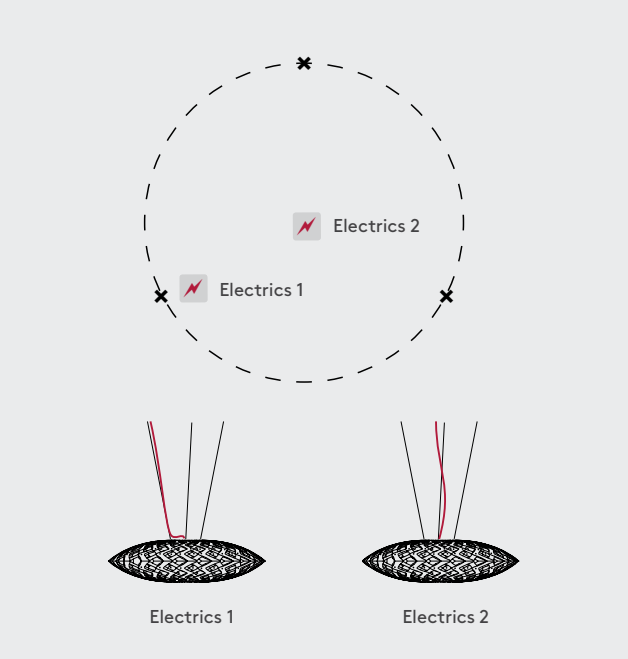
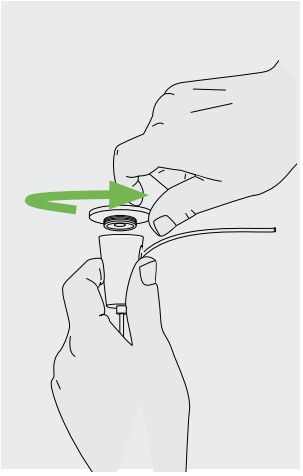
Options



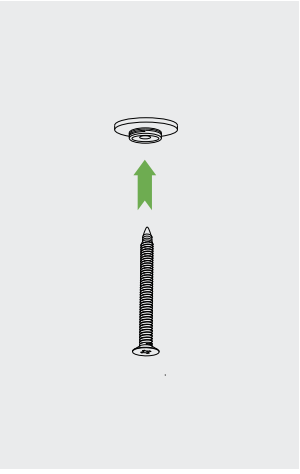
Step 1.
Decide upon hanging distance. Use the schematic diagram as a guide to pick a circle radius to be marked out on ceiling. This circle can be marked with a length of timber or string.



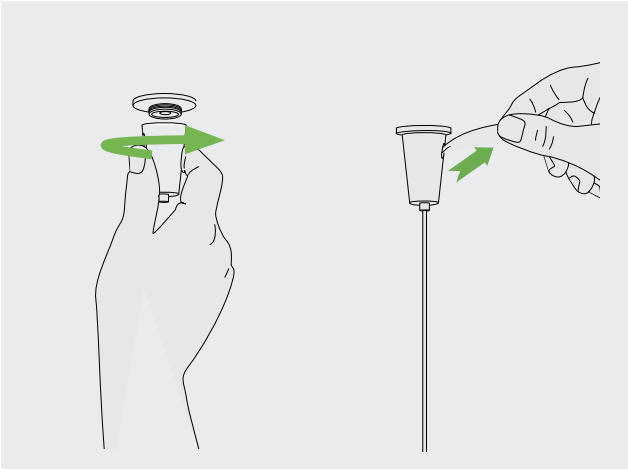
Step 2.
Mark 3 hanging points where your cone grippers will be located. You can either centrally locate the ceiling canopy or run the electric cord up one of the suspension wires.



Step 3.
Unscrew baseplate.



Step 4.
Use appropriate fixing screw to mount base plate (Fig.1).



Step 5.
Remove cable from cone. Screw cone back onto baseplate. Re-insert cable and level light. Once desired position is set, trim excess cable.

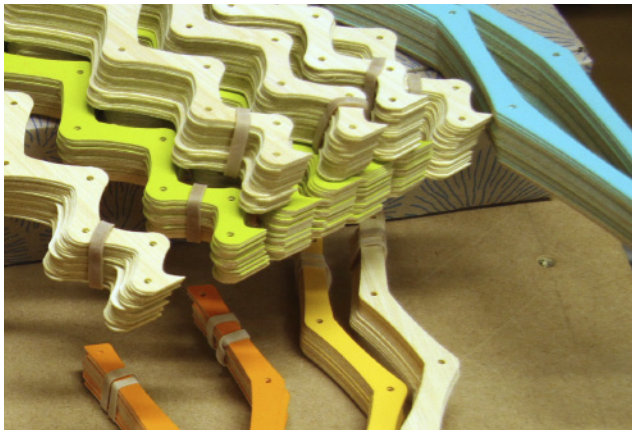
Finish Choices

Natural

All bamboo (our primary material) is secondary product, from renewable forests in China grown as a food source. We have visited these plantations and are satisfied with the quality of their systems.

Caramel

Caramel bamboo starts out as natural and is carbonised using steam to caramelise the natural sugars which darken the bamboo. This process creates a different look without using chemicals.



Painted Lights

We use an acrylic low VOC (volatile organic compound) paint that is made in New Zealand. Colour swatches are available in all retailers. See the Resene website for more info. www.resene.co.nz
