**OLD SYSTEM**

1 box = 1 assembled light

SEED SYSTEM

30 kitset boxes = 1 old box

EN Thank you for buying a Seed System kitset lightshade which is on average 1/30th of the volume of the assembled light. Seed System designs are only made possible through your involvement as you 'grow' your kitset into a lightshade. Together we have helped to minimize the effects of shipping, to reduce the number of trucks on the road and decrease the design's environmental footprint.

IT Grazie per aver acquistato il kit di assemblaggio di una lampada "Seed System", in media un 1/30del volume della medesima lampada già assemblata. Il design "Seed System" è possibile soltanto tramite la vostra collaborazione, in quanto sarete voi stessi a far diventare il vostro kit una lampada vera e propria. Insieme cercheremo di minimizzare l'effetto del trasporto, diminuendo il numero di automezzi sulla strada e l'impatto ambientale dei prodotti.

DK Tak fordi du har købt en 'Seed System' kitset lampe der fylder gennemsnitlig 1/30 del af den samlede lampe. Seed System designet er kun gjort muligt gennem dit engagement, da du selv skal færdiggøre dit kitset som en lampeskærm. På den måde har vi sammen været med til at minimere skibsfart samt vi reducerer antallet af lastbiler på vejene. Dermed mindskes det miljømæssige fodaftryk.

FR Nous vous remercions d'avoir acheté un luminaire "Seed System". Vendus en kit, nos luminaires représentent en moyenne 1/30ème de leur volume assemblé, vous avez donc contribué à protéger l'environnement en réduisant le nombre de camions de transport sur les routes.

DE Vielen Dank für den Kauf der Seed System Kitset Licht Schatten Leuchte . Das Kitset entspricht dem Verhältnis im Durchschnitt 1/30 des Volumens der zusammengebauten Leuchte/ Lampe. Seed System Designs sind nur durch Ihre Beteiligung möglich, da Sie Ihr Kitset in eine Leuchte mit Lichtschatten "verwandeln". Gemeinsam haben wir es geschafft die Folgen des weltweiten Frachtverkehrs zu minimieren, die Anzahl der LKWs auf den Straßen zu reduzieren und den ökologischen Fußabdruck zu verkleinern.

ES Gracias por la compra del sistema kitset "Seed" de la lámpara la cual tiene solamente de media 1/30o del volumen de la luz montada. Los diseños del sistema "Seed" sólo se han hecho posibles gracias a su participación de "transformar" su kitset en una sombra de luz. Juntos hemos ayudado a minimizar los efectos de envío, para reducir el número de camiones en la carretera y disminuir la huella ambiental.
